Dear Illinois Pollution Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 2014-010) to let five coal plants violate Illinois air pollution limits for the next five years.

Governor Quinn we need a clean energy future for Illinois. Dynegy, a Texas company, should not be allowed to claim exemptions and get multi-year delays in meeting air standards in Illinois. New jobs are waiting in the clean up and decommissioning of these out-of-date coal plants.

Sincerely,  
Joyce Blumenshine
