Subject: Please deny Dynegy's request for a pollution variance (2014-010)

Sep 19, 2013

Hearing Officer John Therriault

Dear Hearing Officer Therriault,

I oppose Dynegy's request for a variance from Illinois air quality standards. Dynegy has the financial wherewithal to purchase the plants and is doing so voluntarily, but still argues that the company would suffer an undue financial hardship if it was forced to comply with the law. The State should hold Dynegy to its legal and corporate environmental responsibility to clean up any of the coal plants it purchases from Ameren.

People all across the U.S. are watching this situation. Please act in good faith with the environmental interests of us all, and deny this request.

Sincerely,

Ms. Lynne Kohn

Sep 19, 2013

Hearing Officer John Therriault

Dear Hearing Officer Therriault,

IF DYNEGY WANTS TO OWN AMEREN'S COAL-FIRED POWER PLANTS, IT SHOULD CLEAN THEM UP AS REQUIRED BY IL LAW!! Speaking as an energy-environmental researcher: I oppose Dynegey's request for a variance from Illinois air quality standards! Dynegey has the financial wherewithal to purchase the five coal-fired power plants, and is doing so voluntarily. However, Dynegey still argues that the company would suffer an undue financial hardship if it was forced to comply with the law. The State of IL should hold Dynegey to its legal and corporate environmental responsibility to clean up any of the coal plants that it purchases from Ameren. (We should be moving forward to implement an inherently cleaner non-fossil-fuel/non-nuclear strategy.)

Sincerely,

Mr. DENNIS NELSON

Subject: Please deny Dynegy's request for a pollution variance (2014-010)

Sep 19, 2013

Hearing Officer John Therriault

Dear Hearing Officer Therriault,

I oppose Dynegy's request for a variance from Illinois air quality standards. Dynegy has the financial wherewithal to purchase the plants and is doing so voluntarily, but still argues that the company would suffer an undue financial hardship if it was forced to comply with the law. The State should hold Dynegy to its legal and corporate environmental responsibility to clean up any of the coal plants it purchases from Ameren.

Sincerely,

Mrs. Sally Small

Sep 19, 2013

Hearing Officer John Therriault

Dear Hearing Officer Therriault,

I strongly oppose Dynegy's request for a variance from Illinois air quality standards. Dynegy has the financial wherewithal to purchase the plants and is doing so voluntarily, but still argues that the company would suffer an undue financial hardship if it was forced to comply with the written law.

The State should hold Dynegy to its legal and corporate environmental responsibility to clean up any of the coal plants it purchases from Ameren.

Sincerely,

Mr. David Sincox
