Narrative

On January 31, 2003, I (Jeff Port) performed a follow-up inspection at the Vince Harvey property. The purpose of this inspection was to determine if compliance had been achieved with respect to a September 5, 2002, Administrative Citation Warning Notice (ACWN). The ACWN had been sent due to violations observed during an August 8, 2002, complaint investigation (C-2002-105-P and C-2002-106-P). A letter rejecting the September 25, 2002 ACWN Compliance Proposal was sent on October 3, 2002. To date, no additional correspondence has been received.

I arrived at the site at 11:35 AM. The weather was overcast, rainy, and cold, approximately 30 °F. I parked my vehicle and walked to the location of the former home. It appeared that the material observed in the basement during the previous inspection had been removed. Photograph P1 shows part of the foundation and an accumulation of scrap metal. Photographs P2, P15, and P16 show the empty basement. Photographs P3, P4, and P14 show a pile of waste consisting of burned debris, that appears to be the material removed from the basement. Photographs P5 through P13 show the piles of material brought from the former Kewanee Iron and Metal to be used as fill. These piles consisted of soil, rocks, pieces of metal, plastic, processed wood, small branches and roots and chunks of metal slag. It appears that the only thing that had been done at the site was that the burned material had been removed from the basement. After photographing the site, I left at 11:45 AM.

Photograph locations are depicted on the attached site sketch. Based upon this inspection, the following violations were found to be continuing and are indicated on the accompanying checklist.

1. Pursuant to Section 12(a) of the {Illinois} Environmental Protection Act (415 ILCS 5/12(a)), no person shall cause or threaten or allow the discharge of any contaminants into the environment in any State so as to cause or tend to cause water pollution in Illinois, either alone or in combination with matter from other sources, or so as to violate regulations or standards adopted by the Pollution Control Board under this Act.

A violation of Section 12(a) of the {Illinois} Environmental Protection Act (415 ILCS 5/12(a)) is alleged for the following reason: **By allowing the accumulation of waste material at the site, Vince Harvey threatened water pollution in Illinois.**

2. Pursuant to Section 12(d) of the {Illinois} Environmental Protection Act (415 ILCS 5/12(d)), no person shall deposit any contaminants upon the land in such place and manner so as to create a water pollution hazard.

A violation of Section 12(d) of the {Illinois} Environmental Protection Act (415 ILCS 5/12(d)) is alleged for the following reason: **By allowing the accumulation of waste material at the site, Vince Harvey created a water pollution hazard.**

5/21(a)), no person shall cause or allow the open dumping of any waste.

A violation of Section 21(a) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(a)) is alleged for the following reason: **Vince Harvey caused or allowed the open dumping of waste.**

A violation of Section 21(d)(1) is alleged for the following reason: **Vince Harvey conducted a waste disposal operation without a permit granted by the Agency.**

5. Pursuant to Section 21(d)(2) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(d)(2)), no person shall conduct any waste-storage, waste-treatment, or waste-disposal operation in violation of any regulations or standards adopted by the Board under this Act.

A violation of Section 21(d)(2) is alleged for the following reason: **Vince Harvey conducted a waste disposal operation in violation of Section 815.201 of Regulations adopted by the Board.**

6. Pursuant to Section 21(e) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(e)), no person shall dispose, treat, store or abandon any waste, or transport any waste into this State for disposal, treatment, storage or abandonment, except at a site or facility which meets the requirements of this Act and of regulations and standards thereunder.

A violation of Section 21(e) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(e)) is alleged for the following reason: **Vince Harvey conducted a waste disposal operation at a site that does not meet the requirements of the Sections 9(a), 9(c), 12(a), 12(d), 21(a), 21(d)(1), 21(d)(2) and of the Act and Section 815.201 of the Regulations.**

7. Pursuant to Section 21(p)(1) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(p)(1)), no person shall, in violation of subdivision (a) of this Section, cause or allow the open dumping of any waste in a manner which results in litter.

The prohibitions specified in this subsection (p) shall be enforceable by the Agency either by administrative citation under Section 31.1 of this Act or as otherwise provided by this Act. The specific prohibitions in this subsection do not limit the power of the Board to establish regulations or standards applicable to open dumping.

A violation of Section 21(p)(1) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(p)(1)) is alleged for the following reason: **The open dumping of waste was caused or allowed in a manner which resulted in litter.**

8. Pursuant to Section 21(p)(7) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(p)(7)), no person shall, in violation of subdivision (a) of this Section, cause or allow the open dumping of any waste in a manner which results in open burning.

A violation of Section 21(p)(7) of the {Illinois} Environmental Protection Act (415 ILCS 5/21(p)(7)) is alleged for the following reason: **The open dumping of waste was caused or allowed in a manner which resulted in the deposition of general construction or demolition debris or clean construction or demolition debris as defined in Section 3.160(b) of this Act.**

9. Pursuant to Section 815.201 of the Regulations, all landfills regulated under this Part shall file an initial facility report with the Agency as specified in this Subpart to provide information concerning location and disposal practices of the facility.

A violation of Section 815.201 of the Regulations is alleged for the following reasons: **An initial facility report describing location and disposal practices was not filed to the Agency.**
