R01-28
P.C.#5

To whom it may concern:

These are my comments regarding docket R01-28, in the matter of amendments to livestock waste regulations. It seems that many section numbers in Subpart B need changing, i.e.: 506.204 becomes .203, .205 becomes .204, .206 now .205, .207 now .206, .208 now .207, and 506.210 becomes .208.

In Subpart C, section 506.310(c), I believe the pollution potential is high enough to warrant requiring a synthetic liner. If ~~earthen~~ liners are allowed, they should meet the same specs as outlined in the (new) section 506.204(b)(3+4). Finally, in section 506.312(a), line 5, how about changing "should" to "shall"?

Thank you for noting my comments.

Sincerely,
Dana R. Walker
