MOTION FOR SUBSTITUTION

Ameren Energy Resources Generating Company, Inc. (“AERG”) and AmerenEnergy Medina Valley Cogen, L.L.C., (“Medina Valley”) hereby move to substitute Medina Valley as the Petitioner in this matter. In support of its motion, AERG and Medina Valley state as follows:

1. On December 2, 2013, Ameren Corporation (“Ameren”), a Missouri corporation, completed a transaction which, among other things, resulted in the divestiture of its merchant generation business including the Duck Creek Energy Center (the “Transaction”). As part of the divestiture, a narrow set of liabilities including all claims by the State of Illinois relating to the use of coal combustion material as sub-base within a rail line at Duck Creek, were retained. Prior to its dissolution, Ameren Energy Resources Company, LLC, a direct wholly owned subsidiary of Ameren, was the beneficial owner of all of the issued and outstanding limited liability company interest in AERG. The Transaction is described in the Affidavit of Craig Stensland, attached hereto as Exhibit A.

2. In accordance with the terms governing the Transaction, AERG and Medina Valley entered into an Assignment and Assumption Agreement, pursuant to which AERG assigned and

Medina Valley assumed any liabilities arising from the Complaint filed by the Attorney General of the State of Illinois on February 4, 2013 in *People v. AmerenEnergy Resources Generating Co.*, PCB Docket 13-41 and any subsequent complaints, enforcement actions, or petitions for relief related to the underlying allegations at issue in the Complaint, as well as the right to resolve the matter at issue in PCB Docket 13-41 and any subsequent related actions.

3. The instant proceeding is related to the underlying allegations at issue in the Complaint filed by the State in PCB Docket 13-41. The Complaint alleges that AERG did not obtain a beneficial use determination from the Illinois Environmental Protection Agency pertaining to the coal combustion by product used as fill material at the Duck Creek Station. The instant proceeding appeals the Agency's failure to decide upon a beneficial use determination application for the very same project and may resolve the enforcement action.

4. As a result of the Transaction, AERG no longer exists as a subsidiary of Ameren. Furthermore, as a result of the Assignment and Assumption Agreement, any rights or liability arising from the instant proceeding was assumed by Medina Valley.

WHEREFORE, for the reasons set forth above, AERG and Medina Valley respectfully move the Board to substitute Medina Valley as the proper Petitioner in this matter.

Respectfully submitted,

AMEREN ENERGY GENERATING RESOURCES
COMPANY, LLC AND AMERENENERGY
MEDINA VALLEY COGEN, L.L.C.
