 Respondent.)

ORDER OF THE BOARD (by E. Dunham):

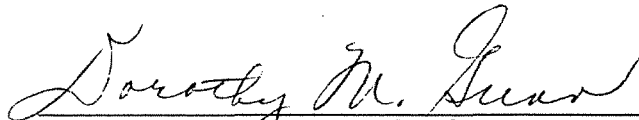

On July 26, 1995, Spraying Systems Company (SSC) and the Illinois Environmental Protection Agency (Agency) filed a Joint Status Report pursuant to the Board's order of June 8, 1995. This matter involves an appeal of special conditions imposed by the Agency in its October 4, 1990 approval of SSC's RCRA Closure Plan.

In the course of settlement, SSC has submitted a proposed RCRA Closure Work Plan. The Agency has approved a revised work plan and SSC has completed the activities of the revised work plan. The parties state that they have reached a tentative agreement as to the remaining issues relating to the revised cleanup objectives and the Agency has prepared a draft revised RCRA Closure Plan Approval Letter. The Agency states that the revised Approval Letter should be submitted to SSC for review and comment by July 31, 1995. The parties report that they were unable to conduct a meeting due to the unavailability of essential Agency personnel but have scheduled a meeting for August 17, 1995 to discuss the draft Approval Letter. SSC has also provided a waiver of the decision deadline until March 31, 1996.

The Board accepts the joint status report. The parties are ordered to file status reports (or a joint status report) with the Board on or before October 2, 1995.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 3rd day of August, 1995, by a vote of 5-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
