15% ROP PLAN: CLEAN-UP PART I - ) R96-2  
AMENDMENTS TO 35 ILL. ADM. CODE ) (Rulemaking-Air)  
219.585(a) AND 219.APPENDIX E )

DISSENTING OPINION (by J. Theodore Meyer):

I dissent from the Board's opinion in this matter to reiterate my concern in R96-2 Emergency Rule Amending 7.2 psi Reid Vapor Pressure Requirement in the Metro-east Area, 35 Ill. Adm. Code 219.585(a) (February 23, 1995). I dissented in R96-2 because I believed that it did not meet the statutory requirements for an emergency rulemaking, and that the May 1st deadline should have remained effective. Since the change in the May 1st deadline is applicable to the present rule, I dissent from this as well.
