POLLUTION CONTROL BOARD

JANUARY 2022 REGULATORY AGENDA

a) Part (Heading and Code Citation): Definitions and General Provisions (35 Ill. Adm. Code 211)

1) Rulemaking: Docket number R22-9

A) Description: Section 9.1(e) of the Environmental Protection Act [415 ILCS 5/9.1(e)] requires the Board to adopt rules that are identical-in-substance to exempt from regulation those volatile organic compounds that the United States Environmental Protection Agency (USEPA) has determined are exempt from regulation for ozone due to negligible photochemical reactivity. The Illinois definition of volatile organic material (VOM) lists the federally excluded volatile organic compounds.

USEPA codified the compounds determined by to be exempt from regulation as 40 C.F.R. § 51.100(s). 57 Fed. Reg. 3945 (Feb. 3, 1992). This codified definition includes all the compounds and classes of compounds excluded by USEPA. The Illinois definition of VOM, codified at 35 Ill. Adm. Code 211.7150, corresponds with USEPA's definition.

The Board reserved docket number R22-9 to accommodate any amendments to the 40 CFR 51.100(s) definition of VOM that USEPA may adopt between July 1, 2021 through December 31, 2021. To date, the Board has found no USEPA amendments to the definition of VOM during this period that require Board action.

By about mid-February 2022, the Board will determine whether USEPA rules require any Board action in response. The Board will then propose necessary amendments to the Illinois definition of VOM using the identical-in-substance procedure or dismiss docket R22-9, as appropriate.

Section 9.1(e) requires that the Board complete amendments within one year of the date on which USEPA adopted the earliest action upon which the amendments are based. Assuming USEPA adopted an amendment that will require Board action on the first day of the update period, July 1, 2021, the due date for Board adoption of amendments in docket R22-9 would be July 1, 2022.

To meet a due date of July 1, 2022, the Board would propose amendments and publish a Notice of Proposed Amendments to in the *Illinois Register*

by late March 2022. This would allow the Board to accept public comments on the proposal for 45 days before adopting any amendments. Alternatively, if no amendment to the Illinois definition is needed, the Board will promptly dismiss the reserved docket R22-9.

- B) Statutory authority: Implementing and authorized by Sections 7.2, 9.1(e), and 27 of the Environmental Protection Act [415 ILCS 5/7.2, 9.1(e) & 27].
- C) Scheduled meeting/hearing dates: None scheduled at this time. The Board would propose any amendments according to Sections 27 and 28 of the Act [415 ILCS 5/27 & 28]. The Board will then schedule and conduct at least one public hearing, as required by Section 110(a) of the federal Clean Air Act (42 USC § 7410(a)) for amendment of the Illinois ozone SIP.
- D) Date agency anticipates First Notice: Section 9.1(e) of the Environmental Protection Act [415 ILCS 5/9.1(e)] provides that this rulemaking is not subject to Section 5-35 of the APA [5 ILCS 100/5-35]. For this reason, the rulemaking is not subject to First Notice or to Second Notice review by the Joint Committee on Administrative Rules. Rather, the Board will publish a Notice of Proposed Amendments in the *Illinois Register*, and it will accept public comments on the proposal for 45 days after the date of publication, as required by section 7.3(b)(1) of the Environmental Protection Act [415 ILCS 5/7.3(b)(1)] and section 5-40 of the Administrative procedure Act [5 ILCS 100/5-40].

For the reasons above, the Board cannot now anticipate an exact date for publication.

- E) Effect on small business, small municipalities, or not-for-profit corporations: This rulemaking may affect any small business, small municipality, or not-for-profit corporation that engages in the emission of a chemical compound that is the subject of a proposed exemption or proposed deletion from the USEPA list of exempted compounds.
- F) Agency contact person for information: Address written comments concerning the substance of the rulemaking, noting docket number R22-9, as follows:

Section 9.1(e) of the Environmental Protection Act [415 ILCS 5/9.1(e)] provides that Title VII of the Act and Section 5-35 of the Administrative Procedure Act (APA) [5 ILCS 100/5-35] shall not apply. Because this rulemaking is not subject to Section 5-35 of the APA, it is not subject to First Notice or to Second Notice review by the Joint Committee on Administrative Rules. - b) Part (Heading and Code Citation): Air Quality Standards (35 Ill. Adm. Code 243)

- 1) Rulemaking: Docket number R22-16

- A) Description: Section 10(H) to the Environmental Protection Act [415 ILCS 5/10(H)] requires the Board to adopt ambient air quality standards that are identical-in-substance to the National Ambient Air Quality Standards (NAAQS) adopted by the United States Environmental Protection Agency (USEPA) pursuant to section 109 of the federal Clean Air Act (42 USC § 7409).

ILLINOIS REGISTER

POLLUTION CONTROL BOARD

JANUARY 2022 REGULATORY AGENDA

USEPA codified the primary and secondary NAAQS at 40 CFR 50, including provisions relative to methods for monitoring ambient air quality for the several contaminants (particulate matter, nitrogen oxides, sulfur oxides, ozone, carbon monoxide, and lead). Various other federal regulations relate to aspects of the NAAQS, such as 40 CFR 53 prescribing the procedure for approval of equivalent and reference methods and 40 CFR 81 designating air quality monitoring regions and setting forth their attainment/non-attainment status.

The Board reserved docket number R22-16 to accommodate any amendments to the federal NAAQS that USEPA may adopt between July 1, 2021 and December 31, 2021. To date, the Board has found no USEPA actions relating to the NAAQS during this period that require Board action.

By about mid-February 2022, the Board will determine whether USEPA rules require any Board action in response. The Board will then propose necessary amendments to the Illinois ambient air quality standards using the identical-in-substance procedure or dismiss this docket R22-16, as appropriate.

Section 10(H) requires that the Board complete amendments within one year of the date on which USEPA adopted the earliest action upon which the amendments are based. Assuming USEPA adopted an amendment that will require Board action on the first day of the update period, on July 1, 2021, the due date for Board adoption of amendments in docket R22-14 is July 1, 2022.

To meet a due date of July 1, 2022, the Board would propose amendments and publish a Notice of Proposed Amendments to in the *Illinois Register* by late March 2022. This would allow the Board to accept public comments on the proposal for 45 days before adopting any amendments. Alternatively, if no amendment to the Illinois definition is needed, the Board will promptly dismiss the reserved docket R22-16.

- B) Statutory authority: Implementing and authorized by Sections 7.2, 10(H), and 27 of the Environmental Protection Act [415 ILCS 5/7.2, 10(H) & 27].

- C) Scheduled meeting/hearing dates: None scheduled at this time. The Board would propose any amendments according to Sections 27 and 28 of the Act [415 ILCS 5/27 & 28]. The Board may then schedule and conduct at least one public hearing, if required by Section 110(a) of the federal Clean Air Act (42 USC § 7418) for amendment of the Illinois SIP for any air contaminant, should the Board deem such authorized and required.
- D) Date agency anticipates First Notice: Section 10(H) of the Environmental Protection Act [415 ILCS 5/10(H)] provides that this rulemaking is not subject to Section 5-35 of the APA [5 ILCS 100/5-35]. For this reason, the rulemaking is not subject to First Notice or to Second Notice review by the Joint Committee on Administrative Rules. Rather, the Board will publish a Notice of Proposed Amendments in the *Illinois Register*, and it will accept public comments on the proposal for 45 days after the date of publication, as required by section 7.3(b)(1) of the Environmental Protection Act [415 ILCS 5/7.3(b)(1)] and section 5-40 of the Administrative procedure Act [5 ILCS 100/5-40].

For the reasons above, the Board cannot now anticipate an exact date for publication.

- E) Effect on small business, small municipalities, or not-for-profit corporations: This rulemaking may affect any small business, small municipality, or not-for-profit corporation that engages in the emission of an air contaminant or precursor to an air contaminant that is the subject of an NAAQS.
