PETITION FOR REVIEW

I am aware this has been on going for some time now. But taking in consideration that I have been land lock from my property for the past 1 1/2 years, and being locked in on my property on 3 prior occasions by the guy owning the property in front of mine.

This resulting in Jackson County Sheriffs department being called on all 3 occasions and the last time being told by Jackson County not to enter my property until this matter was taken care of, or I would be arrested. I then hired an attorney (Jim Daniels) to prove that the entrance to my property was an easement. By the time the attorney got this resolved it was Oct 1st 2003. Before I could re-enter my property. Before being land locked in, I was able to get three (3) vehicles out.

After Oct 1st, when I was able to enter my property, 7 vehicles was removed by an individual, that hauls junk cars, 5 more vehicles was removed by myself. I removed 3 more vehicles on Jan 24th. This is a total of 18 vehicles being removed.

I am making an attempt to resolve this problem, but taking in consideration I work 8-5, five days a week. It's dark by the time I get home, there's no road out there, since it's mine property and no lighting and can not be done after dark.

This leaves me Saturday's only to take care of this problem, then taking in consideration it's not raining. I plan on continuing this clean up, but need more than 3 months considering the circumstances

Edward Tow
