ORDER OF THE BOARD (by B. F. Currie):

On July 11, 2022, Southern Illinois Power Cooperative (Southern) filed a motion to voluntarily dismiss this appeal, which concerns the Clean Air Act Permit Program permit for its electrical power generating station located in Williamson County. Southern had filed a petition for review of the final permit issued by the Illinois Environmental Protection Agency. Southern's petition requested review of the effective date of the permit, as well as numerous conditions including those relating to boiler operating and testing, emission tests, recording and testing requirements, and operating procedures. The Board grants Southern's motion for voluntary dismissal, dismisses the appeal, and closes the docket.

IT IS SO ORDERED.

I, Don A. Brown, Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on July 21, 2022, by a vote of 3-0.

Don A. Brown, Clerk  
Illinois Pollution Control Board
