PETITIONER'S REQUEST TO CANCEL OR RESCHEDULE HEARING

Petitioner Aqua Illinois, Inc. ("Aqua"), by and through its counsel, ArentFox Schiff, LLP, respectfully moves that the hearing for this matter scheduled to begin on September 28, 2022, be canceled or rescheduled. In support of this motion, Aqua states as follows:

- 1. Much has happened in the last three business days Aqua took its final deposition on September 21st, the Illinois Pollution Control Board (the "Board") issued its decision on several pending motions on September 22nd, and Respondent filed the full record including materials not previously provided on September 23rd.
- 2. In light of the aforementioned recent events, Aqua does not intend to call any witnesses at hearing for direct examination.¹
- 3. In other words, in light of recent events, Aqua does not see a need for a hearing before the Board and requests that it be canceled and that the parties be directed to proceed to dispositive briefing in accordance with the existing case schedule.

3

¹ Aqua reserves the right to call witnesses in rebuttal to the testimony of any witnesses called by Respondent and to cross-examine any witnesses called by Respondent.

- 4. Alternatively, in the event Respondent wishes to proceed to hearing and call witnesses, Petitioner asks that the hearing be rescheduled to afford Aqua time to (a) review the newly filed complete administrative record, which includes 21 pages of new material that were never before included in the record, (b) submit requests for production to Respondent seeking additional documents mentioned in depositions of Mr. Cook, Mr. Brown, and Mr. Sofat, including, for example, notes taken by representatives of Respondent during meetings concerning the 2022 Permit, and (c) resolve discovery disputes regarding testimony of Mr. Roubitchek of the Illinois EPA to the extent Respondent intends to call him as a witness.² Petitioner believes its crossexamination of any witness called by Respondent would be materially prejudiced should the hearing not be rescheduled at this time.
- 5. If the alternative request of paragraph 4 of this motion is granted, Aqua would provide a further waiver of the decision deadline into at least March 2023 to allow for the events mentioned in that paragraph 4 to be completed. Aqua would not seek to issue subpoenas for hearing testimony of Illinois EPA witnesses in connection with a rescheduled hearing.

² As is made clear from the attached transcript of Mr. Roubitchek's deposition received after close of business on Friday, he was instructed not to and did not answer all or nearly all substantive questions on the basis of Respondent's view of the attorney client privilege. *See* Transcript of Deposition of Michael Roubitchek (Sept. 21, 2022), attached hereto as Exhibit A. Aqua submits that, in refusing to provide answers at deposition, Respondent failed to prove the existence of the attorney client privilege as required by *KCBX Terminals Co. v. IEPA*, PCB No. 14-110, 2014 WL 1398644, at *6 (Apr. 8, 2014) ("The party claiming attorney-client privilege must prove the following elements: '(1) [w]here legal advice of any kind is sought (2) from a professional legal advisor in his capacity as such, (3) the communications relating to that purpose, (4) made in confidence, (5) by the client, (6) are at his instance permanently protected, (7) from disclosure by himself or by the legal advisor, (8) except the protection be waived.'"); *IEPA v. Celotex Corp.*, PCB No. 79-145, 1984 Ill. ENV. LEXIS 568, at *6 (Dec. 6, 1984). The Agency did not argue that any of the elements necessary to establishing attorney-client privilege existed, nor did it provide any evidence specific to the requested production that could be evaluated under these elements.

For the foregoing reasons, Aqua respectfully requests that the Board cancel the hearing set to begin on September 28, or, in the alternative, reschedule that hearing to allow the events mentioned in paragraph 4 to be completed.

Respectfully submitted,

Aqua Illinois, Inc.

24 Illinois EPA would include Amanda Kimmel. At the 24 cases to the Attorney General's Office or USEPA and

Page 10

- 1 provided of consult type of assistance and legal
- 2 counsel at that point to the Bureau of Land.
- 3 Q. And what types of enforcement matters
- 4 would you be referring?
- A. Again, I was the enforcement attorney for
- 6 the Bureau of Land. So that runs the gamut from
- 7 basic open dumping cases through oil refineries,
- 8 through super fun site. Any variety of cases that
- 9 will come up in that context.
- Q. And in 2008 what role did you transition 10
- 11 to at the Agency?
- A. I actually left the Agency in 2008 and
- 13 joined the law firm of Godfrey & Kahn in Milwaukee, 13 violation of maximum contaminant levels or treatment
- 14 Wisconsin, and I was there through mid-2011 before
- 15 returning to the Agency.
- Q. What did you do at Godfrey & Kahn?
- 17 A. I was an attorney with the Environmental
- 18 and Energy Section at that law firm.
- 19 Q. And what did your practice generally
- 20 consist of?
- 21 It was a wide variety of issues but mainly
- 22 dealt with compliance assistance for companies on
- 23 their environmental or energy matters. We also did
- 24 quite a lot of work in grant -- helping clients

Page 11

- 1 obtain grant funding for renewable energy projects.
- 2 Q. And then when you returned to the IEPA in
- 3 2011, what position did you take?
- A. When I came back in 2011, I was an
- 5 assistant counsel again, but this time with the
- 6 Bureau of Water enforcement unit, and stayed in that 7 role till about May of 2020.
- Q. And so what were your general
- 9 responsibilities in -- as assistant counsel for
- 10 Bureau of Water?
- A. So similar I performed that same function
- 12 in the Bureau of Land was to refer water-related
- 13 enforcement cases to the Attorney General's Office
- 14 for USEPA which could include your waste water or
- 15 drinking water and provide other types of consult to
- 16 the Bureau of Water as needed.
- 17 Q. And what was your next position in 2020?
- 18 A. In around -- Around May of 2020 I became
- 19 Acting Deputy General Counsel focusing on water
- 20 enforcement, and then that job became official, I
- 21 believe it was, around August of 2020, and I'm in
- 22 that role at the present.
- Q. And what is your responsibilities in that
- 24 role -- what are your responsibilities?

A. So I managed a team of four attorneys who

- 2 do Bureau of Water enforcement cases, and based on
- 3 the type of cases and staffing issues I have, I still
- 4 have a -- I have cases that I individually handle as
- Q. What types of -- Do you do any cases with
- 7 Public Water Supply Systems?
- A. Yes.
- Q. What types of cases would you do with PWS'
- 10 for short?
- 11 A. So again that kind of -- that's a wide
- 12 variety of issues that could come up, whether it's
- 14 techniques or sampling requirements, unsafe sources.
- 15 It's just -- You know, there's -- It's all -- Any
- 16 enforcement matter that gets through the procedural
- 17 process and is ready for referral to the Attorney
- 18 General's Office, whether it's public water or waste
- water, it would come through us.
- 20 And then what are your roles then in the
- 21 cases?
- 22 As a manager or as a attorney handling the A.
- 23 case?
- 24 Q. As a manager first.

Page 13

Page 12

- A. As a manager I'm basically overseeing --
- 2 If one of my attorneys refers a case, then I'm there,
- 3 you know, to consult on any issues, to give them
- 4 assistance, and also to serve as a liaison between
- 5 them and upper management.
- Q. And then what about when you're handling 6 7 the case?
- A. If I was handling the case on my own, it
- 9 would be basically similar to being a staff attorney.
- 10 You know, we're responsible for packaging the case
- 11 and referring it to a prosecutorial authority, and
- 12 then being the point person and liaison between, say,
- 13 the Attorney General's Office and the Bureau of
- 14 Water.
- 15 Do you ever do work outside of the O.
- 16 enforcement context in your current role?
- 17 A. As I mentioned earlier, in addition to
- 18 working enforcement cases, we do, from time to time,
- 19 provide, you know, regulatory assistance, legal 20 consult to the Bureau on an as-needed basis.
- 21 Q. Are you familiar with the Aqua Illinois
- 22 University Park Public Water Supply System?
- 23 A.
- 24 And do you mind if I refer to it as Aqua

- 20 Q. Did you discuss these paragraphs that I --
- 21 that I referenced as bolded Paragraph No. 2 and its
- 22 three sub-bullets with anyone at the Agency?
- 23 A. As I mentioned in my previous answer, I
- 24 discussed this letter with Bureau of Water staff.
 - Page 31
- 1 Q. And who at the Bureau of Water did you
- 2 speak with in regards to these paragraphs?
- 3 A. I'm not going to recall any specific
- 4 person, individual. But it likely would have been
- 5 with the same group I mentioned before during the
- 6 standing group meeting that we discussed.

- 13 Q. What is it?
- 14 A. This will be a companion document to the
- 15 March 24th letter except for where the March 24th
- 16 letter requested a Supplemental Permit, this letter
- 17 is requesting a Special Exception Permit.
- 18 O. And did you review this document prior to
- 19 the issuance of the 2022 Permit?
- 20 A. Yes
- 21 Q. Do you recall when you first received this
- 22 letter?
- 23 A. I could not pinpoint a day for you. But
- 24 based on past practice it would have been forwarded

- 1 to me by Mr. Cook likely after he received it.
- 2 Q. And did you discuss this document with
- 3 anyone prior to the issuance of the 2022 Permit?
- 4 A. Yes.
- 5 Q. Who did you discuss it with?
- 6 A. Similar to my last answer. I cannot
- 7 pinpoint any individual or time, but it would have
- 8 been with the same group meeting that we discussed
- 9 already
- 10 Q. And other than -- Other than Aqua's
- 11 request in this letter for a Special Exception
- 12 Permit, are you aware of any differences between this
