Item # Description of Deductions

1. \$1,003.12, deduction for costs for excavation, transportation and disposal costs for the contaminated soil, which lack supporting documentation. Such costs are ineligible for payment from the Fund pursuant to 35 Ill. Adm. Code 734.630(cc). Since there is no supporting documentation of costs, the Illinois EPA cannot determine that costs will not be used for activities in excess of those necessary to meet the minimum requirements of Title XVI of the Act. Therefore, such costs are not approved pursuant to Section 57.7(c)(3) of the Act because they may be used for site investigation or corrective action activities in excess of those required to meet the minimum requirements of Title XVI of the Act.

Supporting documentation from Roxana Landfill added up to 2,419.83 cubic yards, but the reimbursement was requested for 2,435 yards.

2. \$11,797.53, deduction for costs for the excavation of backfill material, which exceed the minimum requirements necessary to comply with the Act. Costs associated with site investigation and corrective action activities and associated materials or services exceeding the minimum requirements necessary to comply with the Act are not eligible for payment from the Fund pursuant to Section 57.7(c)(3) of the Act and 35 Ill. Adm. Code 734.630(o).

In addition, the costs are not reasonable as submitted. Such costs are ineligible for payment from the Fund pursuant to Section 57.7(c)(3) of the Act and 35 Ill. Adm. Code 734.630(dd).

In addition, the costs were not approved in a budget. The overall goal of the financial review must be to assure that costs associated with materials, activities, and services must be reasonable, must be consistent with the associated technical plan, must be incurred in the performance of corrective action activities, must not be used for corrective action activities in excess of those necessary to meet the minimum requirements of the Act and regulations, and must not exceed the maximum payment amounts set forth in 35 Ill. Adm. Code 734.Subpart H. Such costs are ineligible for

payment from the Fund pursuant to Section 57.7(c)(3) of the Act and 35 Ill. Adm. Code 734.510(b) and 35 Ill. Adm. Code 734.605(a).

Pursuant to 35 Ill. Adm. Code 734.605(a), costs for which payment is sought must be approved in a budget, provided, however, that no budget must be required for early action activities conducted pursuant to 35 Ill. Adm. Code 734. Subpart B other than free product removal activities conducted more than 45 days after confirmation of the presence of free product. The costs associated with excavation of backfill material were not approved in a budget and are, therefore, ineligible for payment.

3. \$255.80, adjustment in the handling charges due to the deduction(s) of ineligible costs. Such costs are ineligible for payment from the Fund pursuant to Section 57.1(a) of the Act and 35 Ill. Adm. Code 734.635.

Costs are reimbursable on \$153,810.77 minus (\$1,003.12 and \$11,797.52).
