RE PROPOSED WASTE TRANSFER STATION - CARY, IL  
CASE NO. PCB 03-221

Dear Ms. Gunn

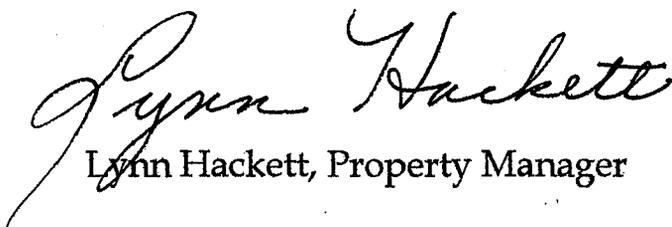

As the property manager of the 422 unit subdivision just to the east of the proposed waste transfer station, I am speaking on behalf of our homeowners and requesting that you deny the appeal for the proposed facility. We have many senior citizens and also many young children who certainly will not benefit from having garbage processed so close to their homes. There are many properties in McHenry County not close to homes that would be available for this purpose.

In making your decision, please think of the residents of this town that will be impacted by this facility, both financially and physically.

Thank you for your time.

Very truly yours

FOX VALLEY MANAGEMENT CO.
