

ILLINOIS POLLUTION CONTROL BOARD
August 24, 2023

IN THE MATTER OF:)
)
AMENDMENTS TO 35 ILL. ADM. CODE) R23-18(A)
201, 202, AND 212) (Rulemaking - Air)
)

HEARING OFFICER ORDER

On August 22, 2023, Rain CII Carbon LLC (Rain Carbon) filed a motion requesting to extend the deadline for it to pre-file its testimony to September 5, 2023. Rain Carbon asked for the extension because it did not participate in the R23-18 main docket and it is continuing to work on a technical support modeling document to support its proposed rule.

The Board grants Rain Carbon's motion to extend the deadline for its pre-filed testimony, but directs it to file as much of its pre-filed testimony as possible by the current deadline of August 28, 2023. Rain Carbon may file supplemental testimony by September 5, 2023. Since Rain Carbon's supplemental testimony will be filed two weeks before the deadline for pre-filed questions, the extension of Rain Carbon's deadline is not expected to affect other participants' ability to pre-file questions about Rain Carbon's supplemental testimony.

IT IS SO ORDERED
