**PROOF OF PETITION NOTICE AND  
CERTIFICATE OF PUBLICATION**

Rain CII Carbon LLC (“Rain Carbon”), through its undersigned counsel, hereby files its proof of petition notice pursuant to 35 Ill. Adm. Code § 104.410. Rain Carbon filed its petition in this matter on August 14, 2023 and caused publication of notice of the filing of that petition pursuant 35 Ill. Adm. Code § 104.408 in the Tribune Star on August 26, 2023. A copy of the Certificate of Publication is attached.

Respectfully submitted,

RAIN CII CARBON LLC

Notice of Petition by Rain CII Carbon LLC for an Adjusted Standard (AS 2024-005) before the Illinois Pollution Control Board

This notice is published pursuant to 415 ILCS 5/28.1 and 35 Ill. Adm. Code 104.408 to inform the public of the submittal by Rain CII Carbon LLC ("Rain Carbon") of a Petition for an Adjusted Standard with the Illinois Pollution Control Board (the "Board") pursuant to 35 Ill. Adm. Code 104.402 on August 14, 2023. Rain Carbon's petition, which has been assigned to Docket No. AS 2024-005, requests an adjusted standard from 35 Ill. Adm. Code 201.149, 212.123, 212.322, and 215.301 for Rain Carbon's coke calcining facility located at 12187 East 950th Ave., Robinson, Crawford County, Illinois (the "Facility"). In its petition, Rain Carbon proposes that the Board grant adjusted standards that provide for alternative emission limits at the emission units designated Kiln 1 and Kiln 2 at the Facility during periods of start-up, malfunction, and breakdown ("SMB"). First, Rain Carbon requests an adjusted standard to allow for an alternative averaging period during start-up of Kiln 1 or Kiln 2 to demonstrate compliance with the 30% opacity standard under 35 Ill. Adm. Code 212.123. Second, Rain Carbon requests an adjusted standard to allow for a limitation on the number of hours per year that Kiln 1 or Kiln 2 can operate in excess of the process weight particulate matter emission limit during SMB under 35 Ill. Adm. Code 212.322(c). Third, Rain Carbon requests an adjusted standard to allow for an alternative averaging period during start-up of Kiln 1 or Kiln 2 to demonstrate compliance with the volatile organic material emission limit under 35 Ill. Adm. Code 215.301. Any person may cause a public hearing to be held in the above-described adjusted standard proceeding by filing a hearing request with the Illinois Pollution Control Board within 21 days after the date of the publication of this notice. The hearing request should clearly indicate the docket number for the adjusted standard proceeding, as found in this notice. The hearing request must be mailed to the Clerk of the Board, Illinois Pollution Control Board, 100 W. Randolph Street, Suite 11-500, Chicago, Illinois 60601, or filed electronically through COOL, located on the Board's website ([www.ipcb.state.il.us](http://www.ipcb.state.il.us)), 295534-T/S-8/26-hspaxip
