Date: Wednesday, October 25, 2023 11:18:45 AM

Please do NOT allow a second transfer station in West Chicago. We believe West Chicago will be known for their garbage dumping grounds. The quality of our air and water can be affected. Our home values will plummet because no one will want to live here. PLEASE take into consideration the families that live in West Chicago rather than big businesses. Let other communities deal with their own garbage.
