RE: Docket R03-9, Site Specific Noise Rule Revision for 35 Ill. Adm. Code 901.118

Scot Forge Company requests that the site specific noise rule contained in 35 Ill Adm. Code 901.118 be revised as follows:

“Section 901.118 Scot Forge Company – Franklin Park Division

Scot Forge and future owners of the forging facility located at 9394 W. Belmont Avenue, Franklin Park, Illinois, shall comply with the following site-specific operational level:

- a) Operate no more than six forging hammers at any one time; and
- b) Operate its forging hammers only between the hours of 6:00 a.m. and 11:00 p.m. Monday through Saturday.”

Scot Forge purchased the Hellstrom Corporation (a drop hammer forging company) located at 9394 W. Belmont Avenue in Franklin Park, IL in 1992 and consolidated the Cicero Plant operations described in the current version of Ill. 35 Adm. Code 901.118 to Franklin Park in 1993. Once consolidation was complete, the Cicero Plant was shutdown and the property was sold.

Please call me with any questions or concerns regarding this request.

Sincerely,

John P. McGillivray
