ORDER OF THE BOARD (by J.D. Dumelle):

This matter comes before the Board upon receipt of an Agency recommendation for provisional variance; the recommendation was filed on October 19, 1988.

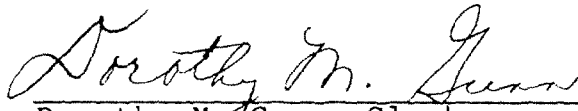

The recommendation concerns a request by Frantz Manufacturing Company to allow on-site storage of hazardous wastes beyond the 90-day limit imposed by 35 Ill. Adm. Code 722.134(b).

The Agency has concluded that the necessity for the hazardous waste to remain on-site was due to unforeseen, temporary and uncontrollable circumstances; and that failure to grant the requested provisional variance would impose an arbitrary and unreasonable hardship on Petitioner. The Agency urges this Board to grant the requested provisional variance.

The Board does hereby grant provisional variance to Frantz Manufacturing Company, to allow on-site storage of hazardous wastes from September 2, 1988 until October 2, 1988.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 20<sup>th</sup> day of October, 1988 by a vote of 7-0.
