Re: Petition for Review

I, Olen G. Parkhill, Jr. would like to contest the Administrative Citations dated April 15, 2003 and May 15, 2003 by means of this petition in accordance with Section 31.1 of the Act, 415 ILCS 5/31.1 (2000).

The site known as Mahomet/Parkhill #4 has been used by us for the disposal of only tree limbs that are burnable and have been produced on our property. We were told that this would be allowed by your agency in July of 1999. In the past the site was cleaned and the material was taken to an approved land fill. If there was any non approved material at the site, we did not put it there and rest assured it will be removed in the same proper manner as before.

We employ Area Disposal to dispose of all garbage and any other material such as chairs, mattresses, etc. for a fee. We pay them \$5100 per month for this service.

The site known as Mahomet/Parkhill CNS #3 has never been used to dispose of any trash from the owners of that property. People traveling that road have apparently dumped material there since it was an old homestead. The farmer/owner will remove whatever is on that property. The site will be cleared of the trees and will be put in shape to put crops on it.

Thank You,

Olen G. Parkhill, Jr.
