Feb. 25, 2004

STATE OF ILLINOIS
Pollution Control Board

To Whom It May Concern:

I own over 350 acres of land along Mud Lake and Lake Senachwine in Henry, IL. Some of this land is adjacent to the Noveon/PolyOne plant. I am writing to oppose the permit appeal PCB 91-17 and the adjusted standard AS02-05. This plant should be forced to stay within the limits already in place immediately! Why should they receive their own standards at the cost of the community's health?

Sincerely,

John Maubach
