MOTION FOR LEAVE TO FILE INSTANTER THE ADMINISTRATIVE RECORD

NOW COMES the Respondent, the Illinois Environmental Protection Agency (“Illinois EPA”), by one of its attorneys, John J. Kim, Assistant Counsel and Special Assistant Attorney General, and, pursuant to 35 Ill. Adm. Code 101.500, hereby requests that the Illinois Pollution Control Board (“Board”) grant the Illinois EPA leave to file instanter the Administrative Record for this matter. In support of this motion, the Illinois EPA states as follows:

1. The Petitioner, DaLee Oil Company, filed its appeal on or about May 8, 2003. The Illinois EPA received notice of the Petitioner’s filing on May 9, 2003. Pursuant to 35 Ill. Adm. Code 105.116, the Administrative Record (“record”) is to be filed with the Board within thirty (30) days after the filing of the petition. Accordingly, the record was due to be filed on or before June 7, 2003. That date was a Saturday, and the following business day was June 9, 2003.
2. This appeal is linked to a number of other appeals involving a common environmental consultant retained by the respective owners or operators that have filed petitions.
3. The Petitioner and the Illinois EPA have been in discussions regarding the resolution of this and all other related actions. Further, the parties have been in contact with the Hearing Officer assigned by the Board.
4. Following extensive discussions between the parties, the progress of which has been consistently and periodically provided to the Hearing Officer, the parties have agreed that a

number of other related appeals can be considered as either settled or not in need of a hearing at this time. Specifically, of 10 appeals involving the common consultant originally set for hearing in July, six have since been either resolved or will be stayed pending further efforts to resolve the underlying issues.

5. The time spent negotiating the resolution of these appeals has delayed submission of the Administrative Record, although the end results were certainly worth the effort expended. The Illinois EPA nonetheless regrets the delay, and hopes that the Board will accept this late filing.

WHEREFORE, for the reasons stated above, the Illinois EPA hereby respectfully requests that the Board grant the Illinois EPA leave to file instant the Administrative Record.

Respectfully submitted,

LUST FISCAL FILE

Dear Mr. Kruep:

The Agency has completed the review of the request for reimbursement of corrective action costs from the Illinois Underground Storage Tank Fund for the above-referenced facility. The invoices reviewed covered the period from July 1, 2001 to September 30, 2001. The amount requested was \$20,999.77.

The deductible amount for this claim is \$15,000.00, which was previously deducted from the Invoice Voucher dated January 3, 1997. Listed in Attachment A are the costs which are not being reimbursed from this request and the reasons these costs are not being reimbursed.

On November 27, 2001, the Agency received your complete request for payment for this claim. As a result of the Agency's review of this claim, a voucher for \$16,428.73 will be prepared for submission to the Comptroller's Office for payment as funds become available based upon the date the Agency received your complete request for payment of this claim. Subsequent claims that have been/are submitted will be processed based upon the date complete subsequent billings requests are received by the Agency.

This constitutes the Agency's final action with regard to the above invoices. An underground storage tank owner or operator may appeal this final decision to the Illinois Pollution Control Board (Board) pursuant to Section 22.18b(g) and Section 40 of the Act by filing a petition for a hearing within 35 days after the date of issuance of the final decision. However, the 35-day period may be extended for a period of time not to exceed 90 days by written notice from the

Federal Taxpayer Identification Number and Legal Status Disclosure Certification Requirements

In order to comply with requirements mandated by Internal Revenue Service Rules and Regulations, the tank owner/operator must complete the section entitled TAXPAYER IDENTIFICATION NUMBER AND LEGAL STATUS DISCLOSURE CERTIFICATION below.

Enter your taxpayer identification number (TIN) in the appropriate space. For individuals and sole proprietors, this is your social security number. For other entities, it is your employer identification number. Federal Employer Identification Numbers (FEINs) must not be used for sole proprietorships.

If you do not have a TIN, apply for one immediately. To apply, get Form SS-5, Application for a Social Security Number Card (for individuals) from your local office of the Social Security administration, or Form SS-4, Application for Employer Identification Number (for businesses and all other entities), from your local Internal Revenue Service office.

To complete the certification if you do not have a TIN, fill out the certification indicating that a TIN has been applied for, sign and date the form, and return it to this Agency. As soon as you receive your TIN, fill out another such form including your TIN, sign and date the form, and send it to this Agency.

If you fail to furnish your correct TIN to this Agency, you are subject to an IRS penalty of \$50.00 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

WILLFULLY FALSIFYING CERTIFICATIONS OR AFFIRMATIONS MAY SUBJECT YOU TO CRIMINAL PENALTIES INCLUDING FINES AND/OR IMPRISONMENT.

Please return the completed form to the Bureau of Land, Remedial Projects, Accounting & Procurement Unit, P.O. Box 19276, Springfield, Illinois 62794-9276.

Dear Mr. Kruep:

The Illinois Environmental Protection Agency (Illinois EPA) has reviewed the reimbursement package submitted for the above-referenced LUST incident. In order for the Agency to continue its review the following information is needed:

1. A copy of the lease between the **owner or operator** and the lesser associated with the remediation system. If there is no written lease, a notarized copy of the terms to the oral lease signed by the **owner or operator** and the lesser must be submitted. In addition, an explanation must be provided as to how the lease may be terminated prior to, or extended beyond, the terms of the lease agreement.
2. The expected life of the remediation system and the disposition of all components of the remediation system once the remediation system reaches the end of the remediation project. In addition, a reasonable salvage value of the remediation system must be provided.

House Bill 4471 is now Public Act 92-0554

Governor George Ryan signed House Bill 4471 into law as Public Act 92-0554 on June 24, 2002. Public Act 92-0554 amends the Environmental Protection Act Sections 57.1, 57.2, 57.5, 57.6, 57.7, 57.8, 57.10, and 57.13 and adds Section 57.14A. The Act includes some significant changes to the handling of underground storage tank releases. Owners or operators who report a release on or after June 24, 2002 will no longer be able to perform Site Classification, pursuant to 35 Ill. Adm. Code 732.307 and 35 Ill. Adm. Code 732.312, and must now perform Site Investigation. However, if a release was reported prior to June 24, 2002, owners or operators may elect to perform Site Investigation.

Public Act 92-0554 also raised the maximum amount that may be reimbursed from the Underground Storage Tank Fund. The Illinois EPA will request that the Illinois Pollution Control Board change the Illinois Administrative Code to reflect Public Act 92-0554. This change is expected to occur in 2003.

Public Act 92-0554 may be viewed at:

<http://www.legis.state.il.us/publicacts/pubact92/acts/92-0554.html>

The effective date of Public Act 92-0554 was June 24, 2002.

The new package that I am referring to is the one that you have already in the file. Yes, I should probably wait for your determination on the pump & treat before I review the new package. When you are finished with the file, could you let me know? Thank-you!

Nancy

Yes I have the file still for this site. I am working on it with USI to come to an agreement on the cost of the pump and treat system. I noticed that there is one new billing package that has not been reviewed in it, is that what you are working on or did a new one come in?

Any agreement that we may come to will effect any and all future reimbursemnt requests for this site, so I would like to finalize this before returniing it, if that is ok with you.

I was holding off reviewing the package requesting \$20,999.77 until you determined the reasonable cost for the monthly g/w system operation. However, in the mean time, another package came in, and I went ahead and reviewed it and sent it over to technical on 2/5/02. I talked to Doug Oakley, and he thought that I should probably have you send that other package back over to me so I can do the accounting review. Then you'll get it back. Sam,

I am trying to track down a package for this site that has not yet been reviewed. Brian Bauer has the file checked out because he is working on approving an acceptable rate for the monthly g/w system operation. I checked with him, and he says that the new package, requesting \$20,999.77 is not in the file, but he suggested that I check with you, since this is your site. Could you see if you have this package and let me know? We received it, I believe, in November, 2001. Thank-you!

LUST Technical File

Dear Mr. Hale:

Enclosed please find a reimbursement package for work performed from July 1, 2001 through September 30, 2001. Provided below is a brief description of the work conducted during this period.

The groundwater treatment system is routinely cleaned and maintained twice a month to ensure proper remediation of the groundwater entering the system. If maintenance is not performed more than once a month, the system becomes clogged due to the presence of contaminants on the air stripper trays. At the beginning of each month, the effluent samples are collected and the system is cleaned. The system is again cleaned during the middle of the month.

During routine maintenance, a problem with one the recovery well pumps was discovered. Several attempts were made to remove the pump from the well. However, as a result of silt passing through the filter pack and screen, the pump is stuck in the well and all attempts to remove it have thus far been unsuccessful. At this time replacement of the subject pump and well is being considered. Costs associated with the well rehabilitation activities are included in the reimbursement request.

Also, in September the required Quarterly Groundwater Monitoring was conducted at the site. The quarterly monitoring includes all of the monitoring and recovery wells and is performed to monitor the progress of the remediation activities.

If you should have any questions or need further assistance, please call me at 618-735-2411.

LUST FISCAL FILE

Dear Mr. Kruep:

The Agency has completed the review of the request for reimbursement of corrective action costs from the Illinois Underground Storage Tank Fund for the above-referenced facility. The invoices reviewed covered the period from January 1, 2001 to January 31, 2001. The amount requested was \$7,712.02.

The deductible amount for this claim is \$15,000.00, which was previously deducted from the Invoice Voucher dated January 3, 1997.

On March 8, 2001, the Agency received your complete request for payment for this claim. As a result of the Agency's review of this claim, a voucher for \$7,712.02 will be prepared for submission to the Comptroller's Office for payment as funds become available based upon the date the Agency received your complete request for payment of this claim. Subsequent claims that have been/are submitted will be processed based upon the date complete subsequent billings requests are received by the Agency.

This constitutes the Agency's final action with regard to the above invoices. An underground storage tank owner or operator may appeal this decision to the Illinois Pollution Control Board (Board) pursuant to Section 22.18b(g) and Section 40 of the Illinois Environmental Protection Act. An owner or operator who seeks to appeal the Agency decision shall file a petition for a hearing before the Board within 35 calendar days of the date of mailing of the Agency's final decision (35 Ill. Adm. Code 105.102(a)(2)).

Dear Mr. Kruep:

The Agency has completed the review of the request for reimbursement of corrective action from the Illinois Underground Storage Tank Fund for the above-referenced facility. The invoice reviewed covered the period from June 1, 1996 to July 31, 1996. The amount requested was \$620.50.

The deductible amount for this claim is \$15,000.00. On April 24, 1995, the Agency sent a letter stating that the first request for reimbursement has been reviewed and the deductible was being deducted from that request.

On November 6, 1996, the Agency received your complete request for payment for this claim. As a result of the Agency's review of this claim, a voucher for \$620.50 will be prepared for submission to the Comptroller's Office for payment if funds become available based upon the date the Agency received your complete request for payment for this claim. Subsequent claims which have been/are submitted will be processed based upon the date complete subsequent bills requests are received by the Agency.

This constitutes the Agency's final action with regard to the above invoices. Dear Mr. Kruep:

The Illinois Environmental Protection Agency has determined that the above-referenced incident is delinquent as to the timely submission of a Corrective Action Plan, based upon the delineation of site impact, according to Part 731.

However, based upon a recent phone conversation with Duane Doty, it appears that the full extent of groundwater impact and documentation defining the soil's impact in contaminant transport will be submitted in several weeks. The Agency requests that a Corrective Action Plan be included as part of the submission.

For further edification, please submit the date by which the requirements for Site Closure will be met, in accordance with Part 731.

Dear Mr. Kruep:

The Reimbursement Eligibility and Deductible Application, received on 10-17-94 for the above referenced occurrence has been reviewed. The following determinations have been made based upon this review.

It has been determined that you are eligible to seek payment of costs in excess of \$15,000. The costs must be in response to the occurrence referenced above and associated with the following tanks:

Eligible Tanks

Tank #1 - 6,700 gallon gasoline
Tank #2 - 4,000 gallon gasoline
Tank #3 - 4,000 gallon gasoline
Tank #7 - 1,000 gallon gasoline

You must contact the Illinois Environmental Protection Agency to receive a packet of Agency billing forms for submitting your request for payment.

An owner or operator is eligible to access the Underground Storage Tank Fund if the eligibility requirements are satisfied:

1. Neither the owner nor the operator is the United States Government;
2. The tank does not contain fuel which is exempt from the Motor Fuel Tax Law;

- 3. The costs were incurred as a result of a confirmed release of any of the following substances:
 - “Fuel”, as defined in Section 1.10 of the Motor Fuel Tax Law
 - Aviation fuel
 - Heating oil
 - Kerosene
 - Used oil, which has been refined from crude oil used in a motor vehicle, as defined in Section 1.3 of the Motor Fuel Tax Law.
- 4. The owner or operator registered the tank and paid all fees in accordance with the statutory and regulatory requirements of the Gasoline Storage Act.
- 5. The owner or operator notified the Illinois Emergency Management Agency of a confirmed release, the costs were incurred after the notification and the costs were a result of a release of a substance listed in this Section. Costs of corrective action or indemnification incurred before providing that notification shall not be eligible for payment.
- 6. The costs have not already been paid to the owner or operator under a private insurance policy, other written agreement, or court order.
- 7. The costs were associated with “corrective action”.

This constitutes the final decision as it relates to your eligibility and deductibility. We reserve the right to change the deductible determination should additional information that would change the determination become available. An underground storage tank owner or operator may appeal the decision to the Illinois Pollution Control Board (Board), pursuant to Section 57.9 (c) (2). An owner or operator who seeks to appeal the decision shall file a petition for a hearing before the Board within 35 days of the date of mailing of the final decision (35 Illinois Administrative Code 105.102(a) (2)).

For information regarding the filing of an appeal, please contact:

Dorothy Gurn, Clerk
 Illinois Pollution Control Board
 State of Illinois Center
 100 West Randolph, Suite 11-500
 Chicago, Illinois 60601
 (312)814-3620

The following tanks are also listed for this site:

- Tank #4 - 4,000 gallon gasoline
- Tank #6 - 2,000 gallon kerosene

Your application indicates that there has not been a release from these tanks. You may be eligible to seek payment of corrective action costs associated with these tanks if it is determined that there has been a release from one or more of these tanks. Once it is determined that there has been a release from one or more of these tanks you may submit a separate application for an eligibility determination to seek corrective action costs associated with this/these tanks.

If you have any questions regarding the eligibility or deductibility determinations, please contact our Office at (217)785-1020 or (217)785-5878 between 2:00 - 4:00 p.m.

Sincerely,

James I. McCaslin

Federal Taxpayer Identification Number and Legal Status Disclosure Certification Requirements

In order to comply with requirements mandated by Internal Revenue Service Rules and Regulations, the tank owner/operator must complete the section entitled TAXPAYER IDENTIFICATION NUMBER AND LEGAL STATUS DISCLOSURE CERTIFICATION below.

Enter your taxpayer identification number (TIN) in the appropriate space. For individuals and sole proprietors, this is your social security number. For other entities, it is your employer identification number. Federal Employer Identification Numbers (FEINs) must not be used for sole proprietorships.

If you do not have a TIN, apply for one immediately. To apply, get Form SS-5, Application for a Social Security Number Card (for individuals) from your local office of the Social Security administration, or Form SS-4, Application for Employer Identification Number (for businesses and all other entities), from your local Internal Revenue Service office.

To complete the certification if you do not have a TIN, fill out the certification indicating that a TIN has been applied for, sign and date the form, and return it to this Agency. As soon as you receive your TIN, fill out another such form including your TIN, sign and date the form, and send it to this Agency.

If you fail to furnish your correct TIN to this Agency, you are subject to an IRS penalty of \$50.00 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

WILLFULLY FALSIFYING CERTIFICATIONS OR AFFIRMATIONS MAY SUBJECT YOU TO CRIMINAL PENALTIES INCLUDING FINES AND/OR IMPRISONMENT.

Please return the completed form to the Bureau of Land, Remedial Projects, Accounting & Procurement Unit, P.O. Box 19276, Springfield, Illinois 62794-9276.
