Dear Mr. Brown and Mr. Halloran,

I am reaching out to you as concerned resident of Lemont area regarding case AS 2026-001 (Citgo Lemont Refinery Adjusted Standard Petition).

I had just been aware of this petition, months after the notice was published in Joliet newspaper. I think it should be posted in Lemont newspaper, since the refinery operates directly adjacent to our village and it is concerning that the public notice not placed in local Lemont, Romeoville or Lockport newspapers, where affected residents would be more likely to see it.

As result, residents of our villages, who lives directly in area were unaware of the petition and of course missed the opportunity to request a hearing.

I respectfully ask the board to consider whether the method of public notice adequately informed the impacted community and whether additional outreach or opportunities for public participation may be appropriate.

Thank you for your time and looking forward to hearing from you.
