Regarding AS 2026-001 (CITGO Lemont Refinery Petition), I am writing with my concerns. As a Lemont resident, I oppose CITGO's petition for CO limit relief. I am horrified to find out they have 27 Clean Air Act violations, all of which impacted the surrounding communities like Lemont and Romeoville. Living half a mile from the refinery, I was not properly notified. Residents should not be kept in the dark on decisions that affect our health. This petition should not be approved without full and fair community participation.
