Subject: [External] 2026-001 Citgo Lemont Refinery Petition
Date: Friday, March 20, 2026 9:11:36 PM

Hello,

I am writing to oppose CITGO's petition for CO limit relief.

This comes after 27 Clean Air Act violations, and at the same time, impacted communities like Lemont and Romeoville were not properly notified.

Residents should not be kept in the dark on decisions that affect our health. This petition should not be approved without full and fair community participation.

Sincerely,

Jessica Beyer
