

ILLINOIS POLLUTION CONTROL BOARD
June 1, 2026

IN THE MATTER OF:)
)
STANDARDS FOR THE PLACEMENT OF) R 25-21
LIMESTONE RESIDUAL MATERIALS:) (Rulemaking – Land)
PROPOSED NEW 35 ILL. ADM. CODE 706)

HEARING OFFICER ORDER

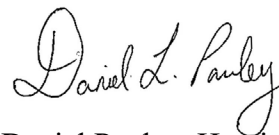

On December 17, 2025, the City of Aurora and Amrize Cement Inc. f/k/a Holcim (US) Inc., Amrize ACM Inc. f/k/a Holcim – ACM Management, Inc., and their respective subsidiaries (collectively, proponents) as well as the Illinois Environmental Protection Agency (IEPA), filed status reports.

The proponents reported that they were working on amended rule language addressing questions from the Board and concerns raised by IEPA. Following internal review, the proponents intended to share the language with IEPA for review.

Since the December 2025 status reports, the Board has received no further correspondence in the record from either the proponents or IEPA.

Therefore, the Board directs the proponents to file a status report with the Board on or before June 19, 2026, to advise the Board of proponents' intentions regarding this rulemaking. Other participants may also file a status report by the same date. At a minimum, the status report should address the status of the participants' negotiations, procedural status of the rulemaking, and whether the Board should close the docket.

IT IS SO ORDERED.

Daniel Pauley, Hearing Officer
Illinois Pollution Control Board
60 E. Van Buren St., Suite 630
Chicago, Illinois 60605
