IN THE MATTER OF:)	
)	R2025-021
PROPOSED PLACEMENT OF LIMESTONE)	(Rulemaking – Land)
RESIDUAL MATERIAL STANDARDS:)	
PROPOSED 35 ILL. ADM. CODE 706)	

STATUS REPORT

On December 17, 2025, pursuant to a hearing order filed by the Illinois Pollution Control Board (“Board”), the proponents of the rulemaking, Amrize Cement Inc. (“Amrize”) (f/k/a Holcim (US) Inc.) and the City of Aurora (“Aurora”), filed a status report stating that they intended to share updated rulemaking language with the Illinois Environmental Protection Agency (“Agency”) by the end of the calendar year.

On February 2, 2026, the proponents shared new rulemaking language with the Agency. This draft contained completely new language and was not a revised/updated copy of the original language filed with the Board on February 2, 2025.

On April 17, 2026, the Agency provided the proponents with its comments on the February 2, 2026, draft.

As of the filing of this status report, the Agency confirms it has not yet received a response from the rulemaking proponents with regard to the Agency’s April 17, 2026, comments.

Respectfully submitted,

ILLINOIS ENVIRONMENTAL
PROTECTION AGENCY
