Subject: [External] Public Comment CITGO Comment- Opposition to adjusting Carbon Monoxide Standard
Date: Friday, June 26, 2026 10:57:06 AM

Hello Illinois Pollution Control Board Member Mr. Brown,

As a constituent I oppose reducing the Carbon Monoxide Standards for CITGO. Let's keep our air as clean as possible. With a CITGO plant a few miles from home, I do not want to increase my health risks.

Thank you for seeking out the voices of the citizens,
June Rokita-Kennedy
