To Whom It May Concern,

I am writing this email to express my

Dear [Recipient Name],

I am writing to express my concerns regarding the potential lowering of standards for the refinery.

Standards are established for critical reasons, most notably to protect public health. It appears that financial interests are being prioritized over the well-being of our community. I strongly urge you to vote to keep the current standards in place to ensure our environment and health remain protected.

Thank you for your time and for considering my perspective on this important matter.

Best regards,

Renee Brennan
