Subject: [External] CITGO Carbon Monoxide
Date: Sunday, June 28, 2026 12:41:00 PM

Hello,

I am a Romeoville resident and I oppose allowing citgo to report less on their release of carbon monoxide. This should be monitored more frequently and huge fines should be given, or even a shut down for a period of time until they obey by the regulations at ALL times.

I am willing to sign a petition, if needed.

Thank you.
