To whom it may concern:

I am a concerned resident of the Rolling Meadows neighborhood in Lemont, IL and am opposed to CITGO's petition to request an adjusted, site-specific carbon monoxide standard. Such standards have been put in place for a reason. The safety and health of our community should be at the forefront of all decision-making and should never be compromised. As a concerned resident of Lemont and parent to two young children, I strongly plead for this CITGO request to be denied. I appreciate your attention to this matter.

Thank you,  
Maria Hatzidimitriadis
