MOTION TO VOLUNTARILY DISMISS APPEAL

NOW COMES the Petitioner, Chevron Environmental Management Company ("Chevron"), by its attorneys, Barnes & Thornburg LLP, pursuant to 35 Ill. Admin. Code § 101.500 and files its Motion to Voluntarily Dismiss Appeal in these proceedings.

In support of this Motion to Voluntarily Dismissal Appeal, Petitioner states:

1. This appeal concerned the Illinois Environmental Protection Agency's ("Illinois EPA" or "Agency") issuance of a National Pollutant Discharge Elimination System ("NPDES") permit to Chevron ("2024 Permit") as it relates to the former Texaco refinery property located at 301 W. 2nd Street, Lockport, Will County, Illinois ("Site").

2. Illinois EPA issued the 2024 Permit on September 24, 2024, and then issued a minor correction to the same by letter dated October 25, 2024.

3. Chevron timely appealed the 2024 Permit, which the Board accepted for hearing. (See Order (Dec. 5, 2024).)

4. Since the timely filing of this Appeal, representatives of Chevron and the Illinois EPA have met to discuss and resolve the previously disputed issues with the 2024 Permit.

5. The resolution of these issues has been memorialized in a draft NPDES permit that the Illinois EPA has furnished to Chevron (the “New Draft Permit”) on or about July 20, 2026.

6. Chevron understands that once the above-captioned proceeding has been resolved, the Illinois EPA will timely continue processing the New Draft Permit.

7. The Illinois EPA does not have any objections to this Motion.

8. For the foregoing reasons, Petitioner files this Motion to Voluntarily Dismiss Appeal because there are no issues remaining to be decided by the Board.

WHEREFORE the Petitioner, Chevron, requests that its Motion to Voluntarily Dismiss Appeal be granted

Dated: Aug. 13, 2026 Respectfully submitted,

CHEVRON ENVIRONMENTAL MANAGEMENT COMPANY
