The parties have agreed to the following schedule for Part II of the hearing scheduled for October 14-16, 2026:

By September 11, 2026, complainants shall provide their proposed list of exhibits and preliminary witness list. The proposed exhibit list shall be in table form and include the title of the document, date, the complete Bates number, and the witness through whom the exhibit shall be introduced, with a column where objections (Y or N) and reason for objection may be added. For a document that does not have a Bates number, complainants shall ensure that the document has been made available to respondent.

By September 15, 2026, motions in limine are due (both parties do not expect any motions in limine but have included them on the pre-hearing schedule in the event of unforeseen circumstances).

By September 18, 2026, respondent provides objections including identifying any objections to form of the document (e.g. wrong bates range, etc.) Parties will work to resolve any objections to form.

By September 25, 2026, respondent provides a proposed list of exhibits. The proposed list shall include the title of the document, date, the complete Bates number, and the witness through whom the exhibit shall be introduced. For a document that does not have a Bates number, respondent shall ensure that the document has been made available to complainants.

By September 29, 2026, responses to Motions in Limine, if any filed.

By October 1, 2026, complainants provide objections. Any objections to form of the document (e.g. wrong bates range, etc.) will be identified. Parties will work to resolve any objections to form.

By October 7, 2026, complainants' second prehearing memo is due, including a statement of the case (as provided in Comp's Prehearing Memo from May 5 Hearing), final witness list and order of witnesses, and final exhibit list. The final exhibit list shall be in table form and indicate the title of the document, date, the complete Bates number, the witness through whom the exhibit shall be introduced, and whether the other party has an unresolved objection to the exhibit.

Also by October 7, 2026, respondent's prehearing memo is due, including a statement of the case, final witness list and order of witnesses, and final exhibit list. The final exhibit list shall be in table form and indicate the title of the document, date, the complete Bates number, the witness through whom the exhibit shall be introduced, and whether the other party has an unresolved objection to the exhibit.

By October 9, 2026, demonstrative exhibits shall be filed.
