Notice of Petition by Ford Motor Company for an Adjusted Standard Before the Illinois Pollution Control Board
This notice is to inform the general public that on February 25, 2005, Ford Motor Company, Parklane Towers West, Suite 950, 3 Parklane Boulevard, Dearborn, Michigan 48126-1920, filed with the Illinois Pollution Control Board, docket number AS2005-05, a petition for an adjusted standard from the provisions of 35 Ill. Adm. Code § 218.586, Stage II vapor recovery, for its assembly plant located at 12600 South Torrence Avenue, Chicago, Cook County, Illinois. Ford is requesting the Board to require Ford to comply with the standards of the federal onboard refueling vapor recovery regulations (ORVR) in place of Stage II vapor recovery. Stage II vapor recovery captures emissions during the fueling of motor vehicles. ORVR performs the same function as Stage II vapor recovery at the same or a better emissions capture rate.
Any person may cause a public hearing to be held in the above-described adjusted standard proceeding by filing a hearing request with the Illinois Pollution Control Board within 21 days after the date of the publication of this notice. The hearing request should clearly indicate the docket number for the adjusted standard proceeding, as found in this notice, and must be mailed to the Clerk of the Board, Illinois Pollution Control Board, 100 W. Randolph Street, Suite 11-500, Chicago, Illinois, 60601.
