**HEARING OFFICER ORDER**

On April 21, 2005, all parties participated in a telephonic status conference with the hearing officer. The petitioner informed the hearing officer that it is preparing a corrective action report and submit it to the respondent for review in anticipation of a no further remediation letter. It appears that one more boring sample needs to be completed before the report is forwarded to the respondent. The hearing officer is concerned with the length of time, since September 16, 2004, that it has taken the petitioner to complete the sampling. The hearing officer directs the petitioner to complete the boring prior to the next status conference.

The parties are directed to participate in a telephonic status conference with the hearing officer on June 23, 2005, at 9:15 a.m. The status conference must be initiated by the petitioner, but each party is nonetheless responsible for its own appearance. At the status conference, the parties must be prepared to discuss the status of the above-captioned matter and their readiness for hearing

IT IS SO ORDERED.
