MOTION FOR EXPEDITED HEARING SCHEDULE

NOW COMES, the Chemical Industry Council of Illinois ("CICI"), by its attorneys Mayer, Brown, Rowe & Maw, LLP, and moves the Hearing Officer to schedule both hearings in this matter in the month of July.

In support thereof, CICI states:

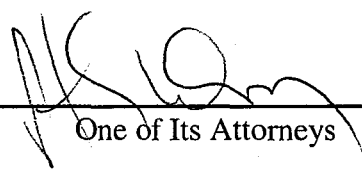

1. Expediting this rulemaking is desirable to CICI members because it will provide speedy clarification of existing state permitting requirements.
2. CICI understands that hearings in two parts of the state are required for this rulemaking docket because the proposed rule will be of statewide applicability.
3. CICI, as the proponent of the rule, plans to have two witnesses who will be testifying on the proposal in this docket. Those witnesses are available in early, mid and late July, but have very limited availability thereafter until late August.
4. Specifically, CICI witnesses, one of whom will be traveling from Washington D.C., can be available July 1, the week of July 11 – 15 (except July 14) and July 27-28, 2005.

5. Understanding that it is desirable to have a transcript of the first hearing available prior to the second hearing, CICI would bear the cost of preparation of an expedited transcript to ensure availability of the transcript in the Board offices before the second hearing in July.

Respectfully submitted,

OF ILLINOIS
