PCHS

To - IPEB

Concerning Waste Management  
Landfill.

First of all I do not see how  
IPEB would want private opinions.

How can Waste Management  
continue when they have been  
rejected not once but twice by  
the Kanebake County Board and  
the IPEB not once but twice they  
were rejected. Aren't there valid  
decisions?

My opinion

Close Down Waste Management  
can't be permanently and improve  
of 302 acres.
