SUBJECT: PETITION FOR REVIEW

I spoke with Mr. Kent Johnson this morning on the phone at approximately 9:00 am from the Marion office. I told Mr. Johnson that we finally had gotten a dumpster delivered to our property on 955 Country Club Road. We had a tractor rented for July 10, 2004 and we would have the existing problem taken care of this weekend so that he could come out to inspect our property the week of July 10<sup>th</sup>.

There has been a delay in the clean up of the property due to excessive water holding on the ground. We have tried numerous times to clean the debris but was unable due to trucks getting stuck in the mud.

We ask that you would reconsider the citations impose on John Brown Painting. Due to the fact that this company no longer exists. We are 2 individuals not a company and the fines are very steep to have to pay. We can not afford the expense. We are compiling with the State of Illinois request to clean the property and dispose of the material at an appropriate site. The debris will be disposed of with Mid West Waste, Marion, IL. I have enclosed a copy of the cost of the delivery of the dumpster and upon pick up of the dumpster I will get a dump receipt and have this information sent to you at that time. We will have the dumpster picked up by July 16<sup>th</sup> if Mid West Waste Company is able to fit the removal into their schedule.

We deeply apologize for any inconvenient and waste of time that the State has incurred with the delays we have had in postponing the removal of debris.

Sincerely,

Johnny M. & Kimberly L. Brown

MIDWEST WASTE
