## ILLINOIS POLLUTION CONTROL BOARD June 16, 1988

VILLAGE OF COAL CITY,	)
Petitioner,	)
v.	) ) PCB 88-83
ILLINOIS ENVIRONMENTAL PROTECTION AGENCY,	)
Respondent.	)

ORDER OF THE BOARD (by J. Marlin):

On June 10, 1988, the Village of Coal City (Coal City) filed a Motion for Expedited Decision in this matter. Specifically, the motion requests that the Board decide this case today. The Board grants Coal City's motion in so far as the Board will make every effort to expedite its decision in this matter consistent with competing demands of its workload.

In addition, the Board would like Coal City to confirm a combined radium level that is listed in Coal City's Petition. Specifically, the Board wishes to know whether the combined radium value resulting from use of the two shallow wells, excluding the deep well, is accurate as set forth by the Petition.

Finally, the Board orders Coal City to submit to the Board the size of the pending subdivision development which prompted Coal City's motion.

IT IS SO ORDERED.
