FROM: Bill Gonet, Montgomery County Solid Waste Inspector

SUBJECT: LPC # 1358155017-Montgomery County
S. Litchfield Twp./Schwab, Michael
FOS File

A re-inspection of the S. Litchfield Twp./Schwab, Michael site was conducted on August 2, 2004. The site was previously inspected on July 22, 2003 and re-inspected on November 18, 2003, January 21, 2004, and June 14, 2004. During the June 14, 2004 inspection the following violations of the Environmental Protection Act were observed: 21(a) cause or allow open dumping and 21(p) cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site: (1) litter, (7) deposition of general construction or demolition debris; or clean construction or demolition debris.

The site is located on the north side of Old Quarry Trail positioned between Dana Brake Parts Inc. and the Litchfield Country Club in the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 3 in South Litchfield Township. The property is owned by Michael Schwab per the Last Will of Herman F. Hagerdorn. The mailing address for Michael Schwab is 95 Old Quarry Trail, Litchfield, IL 62056.

On July 24, 2003 an Administrative Citation Warning Notice (ACWN) and a copy of the July 22, 2003 inspection report were sent to Mr. Michael Schwab by certified mail. Mr. Schwab responded to the ACWN in a letter dated August 12, 2003.

On November 19, 2003 an extension was granted until January 20, 2004 on the condition that all of the remaining waste and the site must be removed by the extended compliance deadline.

On February 23, 2004 an extension to the compliance deadline and a copy of the January 21, 2004 inspection were hand delivered to Mr. Louie Schwab, father of Mr. Michael Schwab. In this extension it stated that if the site was not in complete compliance by March 23, 2004 then further enforcement action would be taken through the Montgomery County State's Attorney's Office.

On June 15, 2004 a letter from the Montgomery County State's Attorney's Office and a copy of the June 14, 2004 inspection report were sent to Mr. Michael Schwab by certified mail. This letter basically stated that if the site was not in complete compliance by July

30, 2004, then Montgomery County Coordinated Services would pursue further enforcement action through the Montgomery County State's Attorney's Office. The letter and inspection report were returned and marked as unclaimed. On July 23, 2004 the Montgomery County State's Attorney's Office re-sent copies of the letter and inspection report to Mr. Michael Schwab by U.S. Mail, regular delivery. As of August 4, 2004 the letter and inspection report have not been returned.

I arrived at the site at 10:20 a.m. The temperature was about 82°F with clear skies. There a light wind coming from the southwest and the soil condition was dry. No one was met at the site during the inspection. This inspection was conducted in order to verify compliance with the June 15, 2004 letter sent by the Montgomery County State's Attorney's Office.

As in the previous inspection reports, the site has been divided into two separate areas and will be referred to in this inspection report as **Area-A-** and **Area-B-** (see attached area sketch).

Area -A-

Area -A- is located in the west half of the property and is bordered by Dana Brake Parts Inc. Observed in this area during the previous inspection were various types of waste consisting of scrap metal, plastic buckets, plastic 1qt oil cans, bed springs, dimensional lumber, tarps, window frames, open top trailers filled with waste, two abandoned vehicles, and other various types of debris.

Shown in photos 001 through 010 is that all of the previously observed wastes were still present. It appeared that no attempt had been made to properly dispose of any of the waste from Area -A-. The site was in about the same condition as it was during the previous inspection (see Area -A- site sketch). The only noticeable difference was that some of the waste items had been moved to a different location on the property (photo 010). The amount of waste remaining in Area -A- was estimated at about 15yds³.

Area -B-

Area -B- is located in the east half of the property and is bordered by the Litchfield Country Club. Observed in this area during the previous inspection were scrap metal, tin, dimensional lumber, plastic 5 gal buckets, windows, a 55 gal drum containing a small amount of liquid, and two abandoned vehicles.

Shown in photos 011 through 018 is that all of the previously observed wastes were still present. It appeared that no attempt had been made to properly dispose of any of the remaining waste from Area -B-. It was noticed that one of the abandoned vehicles had been moved approximately 20 from where it was observed during the previous inspection. It is not known if this vehicle was able to move under its own power or if it was towed. There were no noticeable improvements made to this area (see Area -B- site sketch). The amount of waste remaining in Area -B- was estimated at 15yds³.

Please note: Due to that tall vegetation at the time of the inspection, photographic documentation of all the wastes in Areas -A- & -B- was difficult to obtain; however all of these waste were verified by walking through the weeds and standing on the waste.

I left the site at 10:50 a.m.

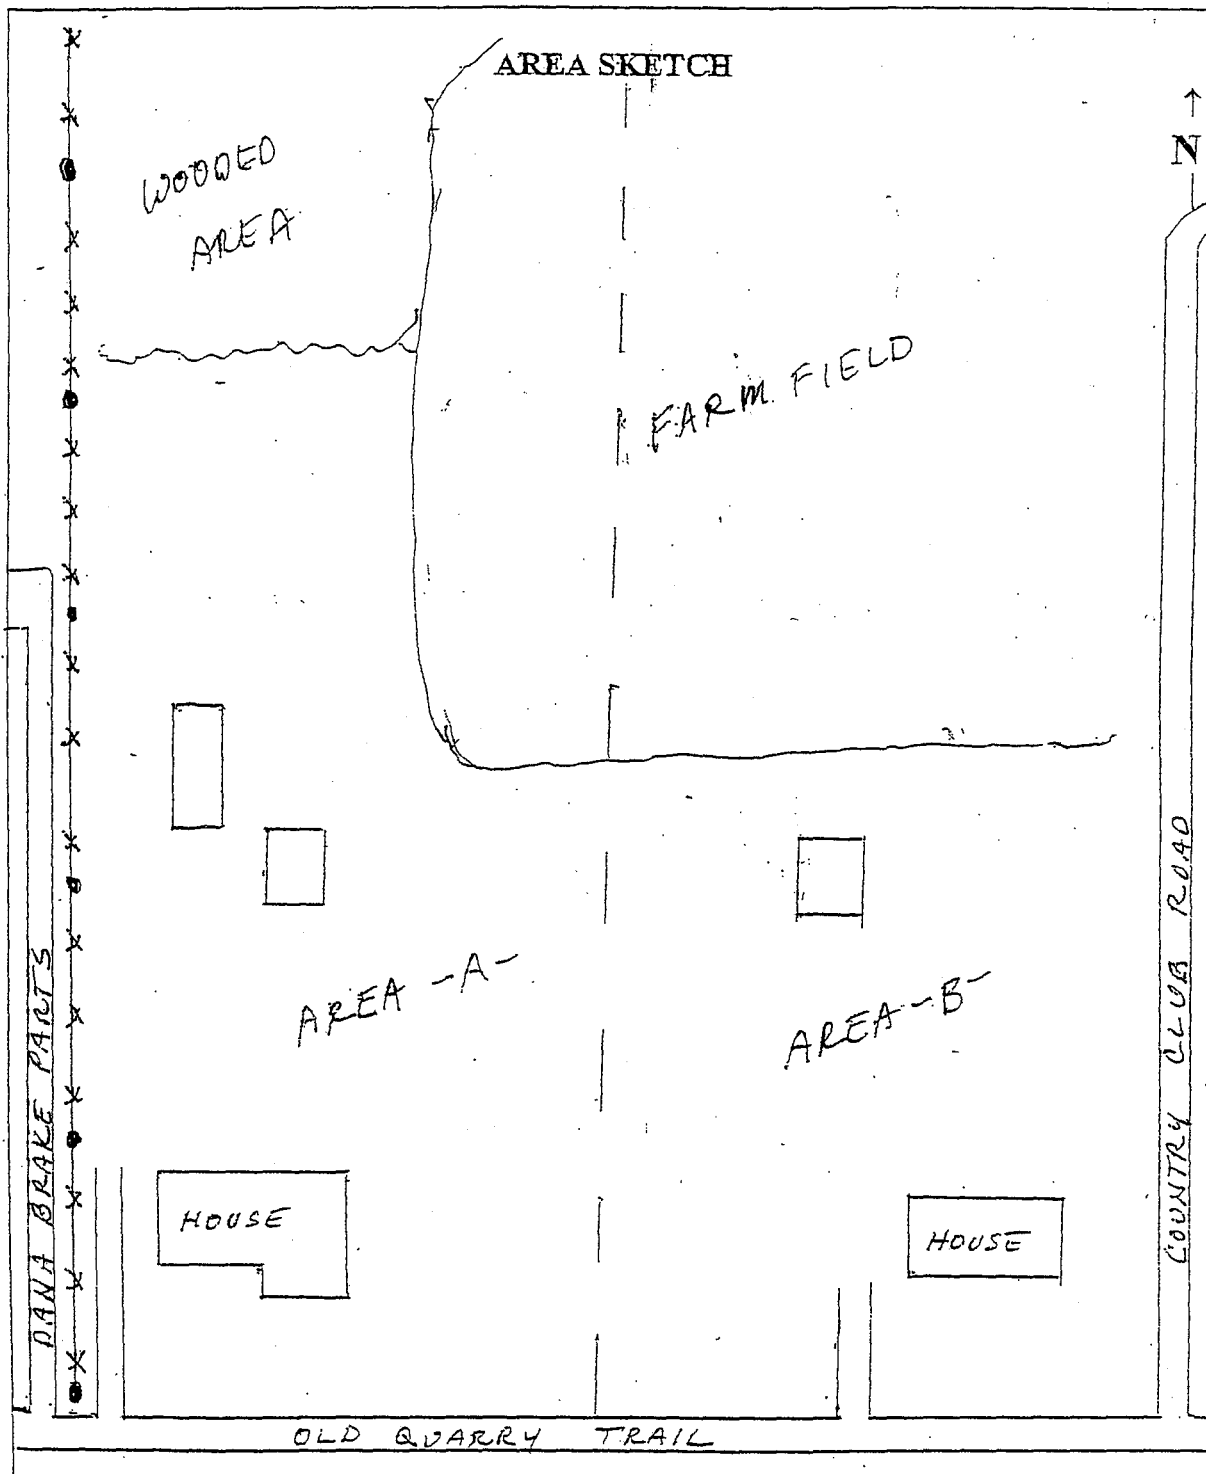

See attached Open Dump Checklist for apparent violations.

Since Mr. Schwab has made no contact with Montgomery County Coordinated Services concerning the apparent violations at site, it is not known if the vehicles observed during the inspection were operable. Therefore, the four vehicles observed during the inspection were considered to be abandoned.
