ORDER OF THE BOARD (by J. Marlin):

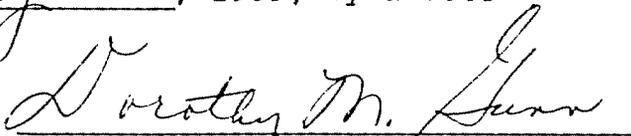

This matter comes before the Board upon a May 1, 1989 motion filed by the Illinois Environmental Protection Agency ("Agency") for an extension of time to file its recommendation to 30 days prior to hearing but in no event later than May 31, 1989.

The Agency states that it has some information inquiries that will require some time to resolve. The Agency further states its belief that "communication at this time between Minnesota Mining and Manufacturing Company ("3M") and the Agency will facilitate an informed and expedited hearing process." The Board notes that although no hearing has been scheduled in this matter, 3M has filed with the Board a waiver of the decision date until September 1, 1989.

The Agency's motion is hereby granted. The Agency shall file its recommendation by May 31, 1989.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 11th day of May, 1989, by a vote of 7-0.
