RULEMAKING UPDATE

BOARD SENDS USED AND WASTE TIRE PROPOSAL TO SECOND NOTICE, R90-9B

On December 19, 1991 the Board voted (7-0) to send refinements to the management standards for Used and Waste Tires, Docket R90-9B, to second notice review by the Joint Committee on Administrative Rules (JCAR). The proposed rules repeal the present scrap tire management standards (35 Ill. Adm. Code 849) and set out certain exemptions for tire retreading facilities, tire stamping and die cutting facilities and for site with tire removal agreements with the Illinois Environmental Protection Agency. The review period by JCAR expires 45 days from date of receipt.

Copies of the proposed rules may be obtained from the Clerk of the Board at 100 W. Randolph, Ste. 11-500, Chicago, Illinois 60601 (312/814-3620). All requests should reference the proposal's docket number, R90-9B. Questions concerning the proposal should be addressed to the Hearing Officer, Mark P. Miller, at 217/333-5573.

BOARD ADOPTS SECOND NOTICE FOR DIESEL OPACITY, R90-20

On November 27, 1991, the Board adopted a second notice in Diesel Vehicle Exhaust Limits (R90-20). The Board adopted a Supplemental Opinion and Order on December 19, 1991. This rulemaking will set limits for diesel opacity for heavy-duty powered vehicles operating in the state of Illinois. The Board has set a standard of 40% peak opacity in 1991 and later model year vehicles and 55% opacity in all other vehicles. The rulemaking will be submitted to the Joint Committee on Administrative Rules for its review pursuant to the Illinois Administrative Procedure Act. Questions concerning this rulemaking should be addressed to the hearing officer, Marie E. Tipsord, 100 W. Randolph, Suite 11-500, Chicago, Il 60601 (312) 814-4925.

BOARD ADOPTS SECOND NOTICE FOR DMI SITE SPECIFIC, R91-9

On January 9, 1992, the Board adopted a second notice in R91-9, DMI site specific regulation 35 Ill. Adm. Code 215.215. The regulation set the allowable emission rate for volatile organic materials emitted from DMI's paint deck operations at a daily average of 4.2 lb/gal in the dip top coat application tank, and a 30-day rolling-average of 61 lb/day for the dip tank make-up solvent addition. The rulemaking will be submitted to the Joint Committee on Administrative Rules for its review pursuant to the Illinois Administrative Procedure Act. Questions concerning this rulemaking should be addressed to the hearing officer, Marie E. Tipsord, 100 W. Randolph, Suite 11-500, Chicago, Il 60601 (312)

814-4925.

BOARD DETERMINES ECONOMIC IMPACT STUDY NOT NECESSARY IN PM-10, R91-35

The Board determined at its January 9, 1992, meeting that an Economic Impact Study (EcIS) was not necessary at this time in the statewide PM-10 regulation, R91-35. The Board's action was taken after considering comments by the Illinois Environmental Protection Agency and the Department of Energy and Natural Resources that an EcIS was not necessary in this rulemaking at this time. The Board had previously (December 19, 1991) proceeded to first notice with this proposal.

BOARD AUTHORIZES FURTHER HEARINGS IN CALIFORNIA MOTOR VEHICLE PROCEEDING, R89-17(C)

On January 9, 1992, the Board authorized further hearings in the California Motor Vehicle proceeding (R89-17(C)). The Board has proposed, for second first notice, rules which would adopt the California Low Emission Vehicle (LEV) program in Illinois. Those proposed rules were published in the Illinois Register on December 13, 1991, at 15 Ill.Reg. 17863. In its second first notice order, the Board established a comment period (until December 31, 1991) to allow interested persons to comment on the need for additional hearings. The Board received a number of comments. All commenters, except one, believe that further hearings are necessary. The Board agrees that further merit and economic impact hearings should be held, and directed the hearing officer to schedule hearings.

Additionally, several commenters asked the Board to formally request that the Department of Energy and Natural Resources (ENR) prepare an economic impact study (EcIS) on the proposal. The Board noted that it asked ENR to prepare an EcIS on the first two proposals in this docket (R89-17(A) & (B)), and that ENR subsequently filed a two page "economic impact statement". The Board found nothing in the Environmental Protection Act or Board regulations which require it to make more than one EcIS determination in a regulatory proceeding. However, the Board noted that the Act and the regulations allow the Board to reconsider its prior determination. Therefore, the Board considered the recent requests that an EcIS be prepared. The Board agreed that some economic questions are unanswered, but declined to request the preparation of an EcIS. The Board noted that the record already contains some information on economic questions, and that both the Illinois Environmental Protection Agency and ENR have committed to provide additional economic analysis. The Board found that the economic questions can be readily explored through the hearing process and written comments. The Board directed the hearing officer to schedule at least one hearing solely on the subject of

economic impact.

Hearings on this proceeding have not yet been scheduled. Questions should be addressed to Elizabeth Schroer Harvey, hearing officer, at 312/814-6921.

BOARD FINDS EXTENSION OF TIME NEEDED FOR SDWA, RCRA, AND UST UPDATES, R91-3, R91-13, AND R91-14

Pursuant to Section 7.2(b) of the Act, the Board found at its January 9, 1992 meeting that an extension of time was needed to complete adoption of identical in substance rulemakings for SDWA, RCRA, and UST regulations. Copies of the orders may be obtained from the Clerk of the Board at 100 W. Randolph, Ste. 11-500, Chicago, Illinois 60601 (312/814-3620).

FOR YOUR INFORMATION

RECYCLED PAPER REQUIREMENT EFFECTIVE

The Board's new recycled paper requirement went into effect on January 1, 1992. The new rule (35 Ill. Adm. Code 101.103(d)) requires that all documents, excluding exhibits, filed with the Board by attorneys or organized environmental and trade groups be submitted on recycled paper. In addition to the exemption for exhibits, the rule excludes stationery, such as letterhead, from the

recycled paper requirement when the stationery is used for cover letters or similar purposes.

The Board has received a number of calls questioning the requirement that recycled paper contain at least 40% "postconsumer" material. The rule states that "postconsumer material" is defined in Section 3(f) of the Illinois Solid Waste Management Act. (Ill. Rev. Stat. 1989, ch. 111 1/2, par. 7053(f).) Several callers have stated that their paper suppliers are unable to supply paper with 40% postconsumer material. However, upon an explanation that the Section 3(f) definition is apparently broader than the usual definition of "postconsumer" (for example, it allows for envelope trimmings and other finished but not sold products), most callers seem to feel that such paper is available. One paper supplier suggested that a better term might be 40% "post-industrial". The Board's recycled paper rule requires only what the State of Illinois itself buys and uses.

Questions should be addressed to Elizabeth Schroer Harvey at 312/814-6921.

WATER POLLUTION CONTROL OPERATORS ANNUAL CONFERENCE

The Illinois Association of Water Pollution Control Operators will hold its 57th Annual Conference April 20-23, 1992 at the Holiday Inn East Exhibition and Convention Center, Springfield, Illinois. The 3 1/2 day conference includes a 2 1/2 day technical program with emphasis on wastewater treatment plant operations and maintenance, a first day wastewater treatment plant operation workshop, equipment exhibition, spouse's program, and IAWPCO plant and operator-of-the-year awards. For further information, contact Jeremiah F. Reynolds, Executive Director, IAWPCO, P.O. Box 230, North Aurora, Illinois 60542 or phone (708)892-6429.

FINAL ACTIONS - JANUARY 9, 1992 BOARD MEETING

PCB 87-131 Amerock Corporation v. IEPA - The Board granted a variance from the effluent standards in the Board's water pollution regulations for Amerock Corporation's Rockford facility.

PCB 90-184 IEPV v. Hopper Paper Division, Georgia-Pacific Corporation, a foreign corporation, and Taylorville Sanitary District, a municipal corporation - The Board accepted the Stipulation and Settlement Agreement in which the respondent denied alleged violations of the Act and Board water pollution regulations and agreed to pay a sum of \$35,000 to the Environmental Protection Trust Fund concerning its Christian County facility. Board Member J. Theodore Meyer dissented.

PCB 91-138 Kronon Motors Sales, Inc. v. IEPA - The Board granted the Agency's motion for summary judgment and denied Kronon's cross-motion for summary judgment for their Cook County facility. The Agency's denial of reimbursement for costs incurred prior to ESDA notification was affirmed. Board Members J. Anderson and M. Nardulli dissented.

PCB 91-156 Gallatin National Co. v. IEPA - The Board granted Gallatin's motion for summary judgment and denied the Agency's motion for summary judgment on an appeal of permit conditions for Gallatin's Fulton

County facility. Board Members J. Theodore Meyer and M. Nardulli dissented.

PCB 91-173 Marathon Oil Company v. IEPA - The Board found that Marathon has not met its burden of demonstrating that denial of variance would impose an arbitrary or unreasonable hardship and accordingly denied the variance request for its Crawford County facility.

PCB 91-198 Enterprise Leasing, Inc. v. IEPA - This matter was dismissed on the petitioner's motion.

PCB 91-204 Lewis Brothers Bakeries, Inc. v. IEPA - This matter was dismissed on the petitioner's motion and the Agency's motion to file record *instanter* is moot.

PCB 91-211 People of the State of Illinois v. Swift-Eckrich, Inc. - The Board accepted the Stipulation and Settlement Agreement executed by the parties in which respondent admitted to past violations of the Act and Board air pollution regulations and agreed to pay a civil penalty of \$8,000 to the Environmental Protection Trust Fund concerning its Cook County facility. Board Member J. Theodore Meyer dissented.

PCB 91-212 O'Brien Tire and Battery Service v. IEPA - The Board granted the Agency's motion to

dismiss this appeal on the grounds that it was untimely filed.

PCB 91-225 People of the State of Illinois v. Dart Container Corp. of Illinois - The Board accepted the Stipulation and Settlement Agreement executed by the parties in which respondent denied alleged violations and agreed to pay a civil penalty of \$10,000 designated to the Environmental Protection Trust Fund concerning its Kane County facility. Board Member J. Theodore Meyer dissented.

PCB 91-245 B & W Cartage Co., Inc. v. IEPA - The Board granted the Agency's motion to dismiss this petition on the grounds that it was untimely filed.

PCB 92-3 Waldorf Corp. v. IEPA - The Board accepted the Agency Recommendation and granted petitioner provisional variance, with conditions, from the Board's hazardous waste regulations for its Cook County facility.

PCB 92-4 Thiele-Engdahl, Inc. v. IEPA - The Board accepted the Agency Recommendation and granted petitioner provisional variance, with conditions, from the Board's hazardous waste regulations for its DuPage County facility.

PCB 92-5 Sundstrand Aviation v. IEPA - The Board accepted the Agency Recommendation and granted petitioner provisional variance, with conditions, from the

Board's hazardous waste regulations for its Winnebago County facility.

PCB 92-6 Enthone-OMI v. IEPA - The Board accepted the Agency Recommendation and granted petitioner provisional variance, with conditions, from the Board's hazardous waste regulations for its Cook County facility.

AC 89-224 IEPA v. John Vander - The Board found that the respondent's Williamson County violated Sections 21(q)(1) and (3) of the Act and imposed a \$1,000 penalty payable to the Environmental Protection Trust Fund.

AC 91-47 IEPA v. Edwin W. Carlson - The Board found that respondent's Winnebago County facility violated Sections 21(q)(1) and (4) of the Act and imposed a \$1,000 penalty payable to the Environmental Protection Trust Fund.

AC 91-38 IEPA v. Danny W. Mains - The Board found that the respondent's Bond County facility violated Sections 21(q)(1) and (3) of the act and imposed a \$1,000 penalty payable to the Environmental Protection Trust Fund.

AC 91-40 IEPA v. Curtis Newlan - The Board denied the respondent's motion to vacate the October 24, 1991 default order in this matter.
