POLLUTION CONTROL BOARD

JANUARY 2005 REGULATORY AGENDA

a) Parts (Headings and Code Citations):

ORGANIZATION, PUBLIC INFORMATION, AND TYPES OF PROCEEDINGS (2 Ill. Adm. Code 2175)

1) Rulemaking:

A) Description:

2 Ill. Adm. Code 2175 contains the Board's public information rules and organizational information, as required under Section 1-15 of the Administrative Procedure Act [5 ILCS 100/5-15] and Section 4 of the Freedom of Information Act [5 ILCS 140/4]. Among the information contained in Part 2175 is a listing of the Board's offices, including their addresses and telephone numbers. The Board has changed the location of some of the satellite offices and needs to amend Part 2175 to reflect the changes of address and telephone number. In addition, further review of Part 2175 could indicate more amendments to this Part.

B) Statutory authority:

Implementing and authorized by Section 1-15 of the Administrative Procedure Act [5 ILCS 100/5-15] and Section 4 of the Freedom of Information Act [5 ILCS 140/4].

C) Scheduled meeting/hearing dates:

Public hearings are not required to amend 2 Ill. Adm. Code 2175. However, the Board would conduct such hearings if the level of public interest indicates that public hearings are desirable.

D) Date agency anticipates First Notice:

The Board anticipates First Notice publication of the proposed rules in the *Illinois Register* in the Spring or Summer of 2005.

E) Effect on small business, small municipalities, or not-for-profit corporation:

There may be an effect on any small business, small municipality, or not-for-profit corporation that appears before the Board in any type of proceeding or which seeks to contact the Board for any reason, including

to inspect and copy Board records. Proceedings before the Board include enforcement actions, rulemaking proceedings, variance proceedings, adjusted standard proceedings, site-specific rulemaking proceedings, permit appeals, pollution control facility siting appeals, and any other actions provided by law. At present, it appears that any amendments would have an insignificant impact on affected entities.

A) Description:

The Board is preparing a rulemaking to amend its procedural regulations to allow for electronic filings in all Board proceedings through the Board's new "Clerk's Office On-Line" (COOL). The Board's new filing procedure will allow for electronic filings and payment of filing fees.

B) Statutory authority:

Implementing Sections 5, 7.1, 7.2, 26, 27, 28, 29, 31, 32, 33, 35, 36, 37, 38, 40, 40.1, 40.2, 41, and 58.7 of the Environmental Protection Act (Act) [415 ILCS 5/5, 7.1, 7.2, 26, 27, 28, 29, 31, 32, 33, 35, 36, 37, 38, 40, 40.1, 40.2, 41, and 58.7] and authorized by Sections 26 and 27 of the Act [415 ILCS 5/26 and 27].

C) Scheduled meeting/hearing dates:

The Board has held two hearings in this rulemaking.

D) Date agency anticipates First Notice:

The Board anticipates First Notice publication of the proposed rules in the *Illinois Register* in the Spring or Summer of 2005.

A) Description:

ILLINOIS REGISTER

POLLUTION CONTROL BOARD

JANUARY 2005 REGULATORY AGENDA

The Illinois Environmental Protection Agency filed a proposal with the Board that involves modifying and clarifying the Illinois ozone rules pertaining to: (1) lithographic printing; (2) perchlorethylene dry cleaners; (3) capture efficiency testing; (4) coating operations; (5) the general provisions involving "carbon adsorbers"; and (6) motor vehicle refinishing. Additionally, Appendix B of Parts 218 and 219 will be deleted. Further, the rulemaking will amend Part 211 as necessary to reflect the changes made to 35 Ill. Adm. Code Parts 218 and 219.

B) Statutory authority:

Implementing and authorized by Sections 9.8, 27, 28.2, and 28.5 of the Environmental Protection Act [415 ILCS 5/9.8, 27, 28.2 & 28.5].

C) Scheduled meeting/hearing dates:

Hearings were held on March 18 and May 6, 2004. The Board held hearings under Section 27 of the Environmental Protection Act [415 ILCS 5/27]

D) Date agency anticipates First Notice:

The Board anticipates First Notice publication of the proposed rules in the *Illinois Register* in the Spring or Summer of 2005.

E) Effect on small business, small municipalities, or not-for-profit corporation:

This rulemaking may affect any small business, small municipality, or not-for-profit corporation that emits volatile organic material. However, the IEPA anticipates that the amendments will have no new substantive impact on any sources, since the amendments will be a clean up of existing requirements.

d) Part (Heading and Code Citation):

DEFINITIONS AND GENERAL PROVISIONS (35 Ill. Adm. Code 211)

1) Rulemaking: Docket number R05-16

A) Description:

Section 9.1(e) of the Environmental Protection Act [415 ILCS 5/9.1(e)] mandates that the Board update the Illinois definition of volatile organic material (VOM) to reflect the additions made by the United States Environmental Protection Agency (USEPA) to the list of compounds exempt from regulation as ozone precursors. Those compounds are determined by USEPA to be exempt from regulation under the state implementation plan (SIP) for ozone in the federal "Recommended Policy on the Control of Volatile Organic Compounds" (Recommended Policy) due to their negligible photochemical reactivity. On February 3, 1992 (57 Fed. Reg. 3945), USEPA codified its definition of VOM at 40 CFR 51.100(s), which now embodies the former Recommended Policy. This codified definition now includes all the compounds and classes of compounds previously exempted in the former Recommended Policy. The Illinois definition of VOM is presently codified at 35 Ill. Adm. Code 211.7150.

POLLUTION CONTROL BOARD

JANUARY 2005 REGULATORY AGENDA

The Board has reserved docket number R05-16 to accommodate any amendments to the 40 CFR 51.100(s) definition of VOM that USEPA may make in the period July 1, 2004 through December 31, 2004. At this time, the Board is aware that USEPA amended the federal definition of VOM twice, on the same day, during this time period:

November 29, 2004 (69 Fed. Reg. 69290)

USEPA added four compounds to the list of those excluded from the definition of volatile organic compound: 1,1,1,2,2,3,3-heptafluoro-3-methoxypropane (HFE-7000); 3-ethoxy-1,1,2,3,4,4,5,5,6,6,6-docecafluoro-2-(trifluoromethyl)hexane (HFE-7500, HFE-s702, T-7145, or L-15381); 1,1,1,2,2,3,3-heptafluoropropane (HFC-227ea); and methyl formate.

November 29, 2004 (69 Fed. Reg. 69298)

USEPA added one more compound to the list of those excluded from the definition of volatile organic compound: tert-butyl acetate (TBAC). TBAC is used as a gasoline additive and solvent. Although USEPA has exempted the compound from the definition of VOM for the purposes of emissions controls, USEPA will continue to consider TBAC to be VOC for the purposes of recordkeeping, emissions reporting, photochemical dispersion modeling, and inventory requirements.

The Board will verify the existence of any additional federal actions and the Board action required in response to each in coming weeks, by about mid-February 2005. The Board will then propose corresponding amendments to the Illinois definition of VOM using the identical-in-substance procedure or dismiss docket R05-16, as necessary and appropriate.

Section 9.1(e) mandates that the Board complete amendments within one year of the date on which USEPA adopted its action upon which the amendments are based. The earliest date on which USEPA adopted an amendment that will require Board action was November 29, 2004. Thus, the due date for Board adoption of the amendments will be November 29, 2005.

POLLUTION CONTROL BOARD

JANUARY 2005 REGULATORY AGENDA

B) Statutory authority:

Implementing and authorized by Sections 7.2, 9.1(e), and 27 of the Environmental Protection Act [415 ILCS 5/7.2, 9.1(e) & 27].

C) Scheduled meeting/hearing dates:

None scheduled at this time. The Board will vote to propose any amendments at an open meeting in accordance with requirements established by Sections 27 and 28 of the Act [415 ILCS 5/27 & 28]. The Board will then schedule and conduct at least one public hearing, as required by Section 118 of the federal Clean Air Act (42 USC § 7418) for amendment of the Illinois ozone SIP.

D) Date agency anticipates First Notice:

The Board cannot project an exact date for publication at this time. The Board expects to verify any federal actions by mid-February 2005, after which time the Board will propose any amendments to the Illinois definition of VOM that are necessary in response to the federal amendments that have occurred. Since the due date for Board adoption of amendments in this docket is November 29, 2005, the Board must vote to propose amendments and cause a Notice of Proposed Amendments to appear in the *Illinois Register* by early September 2005. This will be sufficiently in advance of the due date to allow the Board to accept public comments on the proposal for 45 days before acting to adopt any amendments.

E) Effect on small business, small municipalities, or not-for-profit corporations:

This rulemaking may affect any small business, small municipality, or not-for-profit corporation that engages in the emission of a chemical compound that is the subject of a proposed exemption or proposed deletion from the USEPA list of exempted compounds.

G) Related rulemakings and other pertinent information:

Section 9.1(e) of the Environmental Protection Act [415 ILCS 5/9.1(e)] provides that Title VII of the Act and Section 5 of the Administrative Procedure Act (APA) [5 ILCS 100/5-35, 40] shall not apply. Because this rulemaking is not subject to Section 5 of the APA, it is not subject to First Notice or to Second Notice review by the Joint Committee on Administrative Rules. Rather, the Board will cause a Notice of Proposed Amendments to appear in the *Illinois Register*, and it will accept public comments on the proposal for 45 days after the date of publication.

1) Rulemaking: No docket presently reserved.

A) Description:

The IEPA is currently developing amendments for proposal to the Board of Part 218 and Part 219 concerning motor vehicle refinishing. This involves amending the equipment requirements of the Parts to allow the

use of paint applicator equipment that achieves the same or better transfer efficiency as the required High Volume Low Pressure (HVLP) equipment.

B) Statutory authority:

Implementing and authorized by Sections 9.8, 27, 28.2 of the Environmental Protection Act [415 ILCS 5/9.8, 27, 28.2].

C) Scheduled meeting/hearing dates:

The IEPA has stated that it anticipates submitting its rulemaking proposal to the Board in the Spring or Summer of 2005. No hearings are scheduled at this time. Once a proposal is filed, the Board will hold hearings on the schedule established in Section 27 of the Environmental Protection Act [415 ILCS 5/27] for rulemakings that are required under the federal CAA.

D) Date agency anticipates First Notice:

An IEPA submittal of a proposal to the Board would commence this proceeding, and the IEPA has stated that it expects to file a proposal in the Spring or Summer of 2005. After the filing of a proposal by the IEPA, the Board will cause publication of a Notice of Proposed Amendments in the *Illinois Register*.

E) Effect on small business, small municipalities, or not-for-profit corporation:

This rulemaking may affect any small business, small municipality, or not-for-profit corporation that are involved in motor vehicle refinishing. However, the IEPA anticipates that the amendments will have no new substantive impact on any sources, since the amendments give greater flexibility to sources.

NITROGEN OXIDES EMISSIONS (35 Ill. Adm. Code 217)

1) Rulemaking: No docket number presently assigned.

A) Description:

The proposal would amend Part 217 to update the incorporations by reference, and to reflect the recent amendments to Section 9.9 of the Act. Amendments to Section 9.9 of the Act included authority for the Agency to sell certain allowances, disbursement of the sale proceeds to the Agency and certain sources, and clarified the compliance date for cement kilns, industrial boilers and utility boilers. The proposed amendments will also include changing the dates that applications for New Source Set Aside allowances must be submitted. Additionally, amendments to Part 217 will

POLLUTION CONTROL BOARD

JANUARY 2005 REGULATORY AGENDA

address the October 27, 1998, action of the United States Environmental Protection Agency. USEPA issued a NO_x SIP Call requiring Illinois and numerous other states to adopt certain regulations for the control of nitrogen oxide (NO_x) emissions that contribute to non-attainment or interfere with maintenance of the ozone air quality standard in other states pursuant to Section 110(a)(2)(D) of the CAA. Illinois is required to adopt NO_x emission controls for four categories of industrial sources. The Board has already adopted rules that control NO_x emissions from boilers and turbines serving electric generator units greater than 25 megawatts; boilers and turbines with heat input greater than 250 mmBtu/hr; and large cement kilns with ozone season emissions greater than one ton. The fourth category, large internal combustion engines, is the subject of this notice. The U.S. Court of Appeals remanded this category to USEPA for further consideration. USEPA promulgated final guidance for this category on April 21, 2004 at 69 Fed. Reg. 21604.

B) Statutory authority:

Implementing and authorized by Sections 9, 9.9, 10, 27, and 28.5 of the Illinois Environmental Protection Act [415 ILCS 5/9, 9.9, 10, 27, and 28.5, (2003)].

C) Scheduled meeting/hearing dates:

None yet scheduled.

D) Date agency anticipates First Notice:

The Board anticipates First Notice publication of the proposed rules in the *Illinois Register* in the Spring or Summer of 2005.

E) Effect on small business, small municipalities, or not-for-profit corporation:

Any small businesses, small municipalities, or not-for-profit corporations that are subject to the NO_x Trading Program could be affected by the proposed amendments.

COMMERCIAL AND INDUSTRIAL SOLID WASTE INCINERATION UNITS (35 Ill. Adm. Code 225)

1) Rulemaking: No docket presently reserved.

A) Description:

On December 1, 2000, pursuant to Sections 111(d) and 129 of the Clean Air Act, the USEPA promulgated emission guidelines for commercial and industrial solid waste incinerators (65 Fed. Reg. 75337). Illinois is required to adopt a State plan that includes rules, implementing these emission guidelines. This rule would apply to units that commenced construction on or before November 30, 1999, and units where reconstruction or modification commenced prior to June 1, 2001.

B) Statutory Authority:

E) Effect on small businesses, small municipalities or not-for-profit corporations:

This rule could indirectly affect facilities that discharge pollutants since water quality standards are used in determining National Pollutant Discharge Elimination System permits. Also, beach managers and businesses in beach areas may be indirectly affected by this proposed rule since water quality standards are used in making decisions concerning beach advisories and closings. However, since the Illinois Department of Public Health already uses the E. coli standard to regulate designated bathing beaches, no actual new impact is likely.

EFFLUENT STANDARDS (35 Ill. Adm. Code 304)

1) Rulemaking: R04-26

A) Description:

On June 3, 2004, the Board accepted for hearing a proposal filed by the Illinois Environmental Protection Agency (IEPA) on May 14, 2004 to set an interim phosphorus effluent standard by adding five new subsections (g-k) to existing 35 Ill. Adm. Code 304.123.

The phosphorus effluent limit of 1.0 milligrams per liter (mg/l) as a monthly average would apply to new or expanded discharges from treatment works with a design average flow greater than 1.0 million gallons per day (mgd) receiving municipal or domestic wastewater, or a total phosphorus effluent load of 25 lbs/day or more. However, if the source can demonstrate that phosphorus is not limiting nutrient in the receiving water or that alternative phosphorus effluent limits are warranted by the aquatic environment in the receiving water, the 1.0 mg/l limit would not apply. Since these standards apply only to new or expanded discharges, existing facilities are “grandfathered in”, and would not have to meet the proposed interim standard.

In its statement of reasons, the IEPA asserts that it is in the process of developing the State numeric nutrient standards pursuant to its triennial water quality standards review, and that a final effluent level would be included as part of the nutrient standards rulemaking that IEPA plans to file with the Board in early 2007. In the interim, the IEPA is proposing the 1.0 mg/l effluent standard for phosphorus to limit higher

1) Rulemaking: Docket number R05-15

A) Description:

Section 13.3 of the Environmental Protection Act [415 ILCS 5/13.3] mandates that the Board update the Illinois wastewater pretreatment regulations to reflect revisions made to the federal wastewater pretreatment rules made by the United States Environmental Protection Agency (USEPA).

The Board has reserved docket number R05-15 to accommodate any amendments to the federal wastewater pretreatment rules, 40 CFR 400 through 499, that the USEPA may have made in the period July 1, 2004 through December 31, 2004. At this time, the Board is aware that USEPA undertook one action that affected the text of 40 CFR 400 through 499 and its implementation. That action is described below:

May 6, 2004 (69 Fed. Reg. 25324)	USEPA published a correction to the July 1, 2003 edition of 40 C.F.R. 439. The corrections reinstate the text inadvertently deleted from two pages of the regulations; they are not substantive amendments. (No Board action may be necessary.)
-------------------------------------	---

The Board will verify whether amendments are necessary based on this federal action. The Board will further verify the existence of any additional federal actions that may affect the text of 40 CFR 400 through 499 and the Board action required in response to each set of federal

amendments in coming weeks, by about mid-February 2005. The Board will then propose corresponding amendments to the Illinois SDWA regulations using the identical-in-substance procedure under docket R05-15, as necessary and appropriate.

Section 13.3 of the Act mandates that the Board complete amendments within one year of the date on which USEPA adopted its action upon which the amendments are based. In docket R05-15, if the earliest federal amendments in the applicable period are assumed to have occurred on May 6, 2004, the due date for Board adoption would be May 6, 2005.

B) Statutory authority:

Implementing and authorized by Sections 7.2, 13, 13.3, and 27 of the Environmental Protection Act [415 ILCS 5/7.2, 13, 13.3 & 27].

C) Scheduled meeting/hearing dates:

None scheduled at this time. The Board will vote to propose any amendments at an open meeting in accordance with requirements established by Sections 27 and 28 of the Act [415 ILCS 5/27 & 28]. No hearing is required in identical-in-substance proceedings.

D) Date agency anticipates First Notice:

The Board cannot project an exact date for publication at this time. The Board expects to verify any federal actions by mid-February 2005, after which time the Board will propose any amendments to the Illinois wastewater treatment rules that are necessary in response to the federal amendments that have occurred. If the due date for Board adoption of amendments in this docket is assumed to be May 6, 2005, the Board will vote to propose amendments and cause a Notice of Proposed Amendments to appear in the *Illinois Register* by February 2004. This would be sufficiently in advance of the due date to allow the Board to accept public comments on the proposal for 45 days before acting to adopt any amendments.

Primary Drinking Water Standards (35 Ill. Adm. Code 611)

1) Rulemaking: Docket number R05-17

A) Description:

Section 17.5 of the Environmental Protection Act [415 ILCS 5/17.5] mandates that the Board update the Illinois SDWA regulations to reflect the USEPA amendments to the federal Safe Drinking Water Act (SDWA) primary drinking water regulations.

The Board has reserved docket number R05-17 to accommodate any amendments to the SDWA national primary drinking water standards, 40 CFR 141 through 143, that the United States Environmental Protection Agency (USEPA) may make in the period July 1, 2004 through December 31, 2004. At this time, the Board is aware that USEPA undertook one action that affected the text of the federal drinking water regulations:

August 25, 2004 (69 Fed. Reg. 52176)

USEPA approved three additional analytical methods for uranium in drinking water that use inductively-coupled plasma-mass spectrometry.

Since the federal action of August 25, 2004 was so closely related to the federal action of June 2, 2004, involved in the previous SDWA update docket, R05-6, the Board included the Action of August 25, 2004 in that docket. At this time, the Board is not aware of any other federal amendments to the federal SDWA regulations that might require Board action.

The Board will verify the existence of any other federal actions and the Board action required in response to each in coming weeks, by about mid-February 2005. The Board will then propose corresponding amendments to the Illinois SDWA primary drinking water regulations using the identical-in-substance procedure or dismiss docket R05-17, as necessary and appropriate.

Section 17.5 mandates that the Board complete its amendments within one year of the date on which the United States Environmental Protection Agency (USEPA) adopted its action upon which the amendments are based. In docket R05-17, if the earliest federal amendments in the applicable period are assumed to have occurred on the first day of the update period, on July 1, 2004, the due date for Board adoption would be July 1, 2005.

The Board cannot project an exact date for publication at this time. The Board expects to verify any federal actions by mid-February 2005, after which time the Board will propose any amendments to the Illinois SDWA drinking water rules that are necessary in response to the federal amendments that have occurred. If the due date for Board adoption of amendments in this docket is assumed to be July 1, 2005, for the purposes of illustration, the Board would vote to propose amendments and cause a Notice of Proposed Amendments to appear in the *Illinois Register* by April 2005. This would be sufficiently in advance of the due date to allow the Board to accept public comments on the proposal for 45 days before acting to adopt any amendments. Alternatively, if no amendment to the Illinois definition is needed, the Board would promptly dismiss this reserved docket.

E) Effect on small business, small municipalities, or not-for-profit corporations:

LABORATORY ACCREDITATION RULES (35 Ill. Adm. Code 611)

1) Rulemaking: No docket presently reserved.

A) Description:

The Illinois Environmental Protection Agency's (IEPA) proposal will seek to amend the public water supplies rules found in 35 Ill. Adm. Code 611 to cross reference the IEPA's own laboratory accreditation rules found at 35 Ill. Adm. Code 186. These prospective amendments to Sections 611.359, 611.611, 611.646, and 611.648 would cross-reference the laboratory accreditation rules at 35 Ill. Adm. Code 186. Currently, the existing text of Part 611 references 35 Ill. Adm. Code 183, which are joint rules of the IEPA, the Illinois Department of Public Health, and the Illinois Department of Nuclear Safety. A repeal of Part 183 has been completed.

B) Statutory Authority:

Sections 27 and 28 of the Illinois Environmental Protection Act [415 ILCS 5/27 & 28].

C) Scheduled meeting/hearing dates:

No meetings or hearings are scheduled at this time. Once the proposal is filed, the Board will conduct hearings as required by Sections 27 and 28 of the Act [415 ILCS 5/27 & 28].

D) Date Agency Anticipates First Notice:

An IEPA submittal of the rulemaking proposal is anticipated by Spring or Summer of 2005. The Board will conduct proceedings pursuant to Sections 27 and 28 of the Environmental Protection Act [415 ILCS 5/27 & 28] upon receipt of the proposal and would cause a Notice of Proposed Amendments to appear in the *Illinois Register* when it decides to propose amendments for First Notice.

E) Affect on small business, small municipalities or not-for-profit corporations:

These amendments may affect small business, small municipalities, and not-for-profit corporations that own or operate a "public water supply", as defined by Section 3.28 of the Act, i.e., it has at least fifteen service connections or regularly serves an average of at least 25 individuals daily at least 60 days out of the year, or it is assisting a public water supply to demonstrate compliance with the federally-derived National Primary Drinking Water Standards of 35 Ill. Adm. Code 611. However, it is anticipated that the proceeding will not likely have a quantifiable affect on these entities because the program for national laboratory certification is voluntary. The burden of compliance with the requirements, such as filing documentation, reporting or completion of the necessary forms, likely will not increase.

MAXIMUM SETBACK ZONES (35 Ill. Adm. Code 618—Part not yet reserved)

1) Rulemaking: R05-09

A) Description:

35 Ill. Adm. Code 618 is a new Part that prescribes maximum setback zones and the applicable technology control regulations that apply under 35 Ill. Adm. Code 615 and 616. This new Part is necessary to ensure public health, safety, and welfare; to preserve the quality and quantity of groundwater resources in order to ensure a safe and adequate water supply for present and future generations; and to preserve groundwater resources currently in use and those aquifers having a potential for future use as a public water supply.

B) Statutory authority:

Implementing Section 14.3 of the Illinois Environmental Protection Act [415 ILCS 5/14.3] and authorized by Section 27 the Illinois Environmental Protection Act [415 ILCS 5/27].

C) Scheduled meeting/hearing dates:

The Board has scheduled hearings in this rulemaking for March 1, 2005, at 10:00 am at Pekin City Hall, Council Chambers - 2nd Floor, 111 South Capitol Street, Pekin, IL; and Tuesday, April 5, 2005, at 10:00 am, James R. Thompson Center, Room 2-025, 100 West Randolph Street, Chicago, IL.

D) Date agency anticipates First Notice:

The Board will conduct proceedings pursuant to Sections 27 and 28 of the Environmental Protection Act [415 ILCS 5/27 & 28] before sending this rulemaking to first notice.

E) Effect on small business, small municipalities, or not-for-profit corporation:

This rule will affect any small business, small municipality, or not-for-profit corporation that is located within the maximum setback zone and does any of the following: land filling, land treating, surface impounding or piling of special waste and other wastes that could cause contamination of groundwater when such wastes are generated on the site (other than hazardous, livestock and landscape waste, and construction and demolition debris); storing of special waste in an underground storage tank for which federal regulatory requirements for the protection of groundwater are not applicable; storing and related handling of pesticides and fertilizers at a facility for the purpose of commercial application; storing and related handling of road oils and de-icing agents at a central location; or storing and related handling of pesticides and fertilizers at a central location for the purpose of distribution to retail sales outlets. (415 ILCS 5/14.3)

Further, this rule will affect any small business, small municipality, or not-for-profit corporation that proposes to locate a Potential Primary Source within such zone after the effective date of this regulation. "Potential primary source" means any unit at a facility or site not currently subject to a removal or remedial action that: 1) is utilized for the treatment, storage, or disposal of any hazardous or special waste not generated at the site; 2) is utilized for the disposal of municipal waste not generated at the site, other than landscape waste and construction and demolition debris; 3) is utilized for the landfilling, land treating, surface impounding or piling of any hazardous or special waste that is generated on the site or at other sites owned, controlled or operated by the same person; or 4) stores or accumulates at any time more than 75,000 pounds above ground, or more than 7,500 pounds below ground, of any hazardous substances.

A) Description:

Section 13(c) of the Environmental Protection Act [415 ILCS 5/13(c)] mandates that the Board update the Illinois underground injection control (UIC) regulations to reflect amendments to the United States Environmental Protection Agency (USEPA) UIC regulations.

The Board has reserved docket number R05-18 to accommodate any amendments to the federal UIC regulations, 40 CFR 144 through 148, during the period July 1, 2004 through December 31, 2004. At this time, the Board is not aware of any federal amendments to the federal UIC regulations. The Board will verify the existence of any federal actions and the Board action required in response to each in coming weeks, by about mid-February 2005. The Board will then propose corresponding amendments to the Illinois UIC regulations using the identical-in-substance procedure or dismiss docket R05-18, as necessary and appropriate.

The Board will verify the existence of any additional federal actions that may affect the text of the federal UIC regulations and the Board action required in response to each set of federal amendments in coming weeks, by about mid-February 2005. The Board will then propose corresponding amendments to the Illinois UIC regulations using the identical-in-substance procedure under docket R05-18, as necessary and appropriate.

Section 13(c) mandates that the Board complete amendments within one year of the date on which USEPA adopted its action upon which the amendments are based. Assuming for the purposes of illustration that the earliest USEPA action during the update period that will require Board action is the first day of the update period, on July 1, 2004, the due date for Board adoption of all amendments in the period would be July 1, 2005.

B) Statutory authority:

C) Scheduled meeting/hearing dates:

established by Sections 27 and 28 of the Act [415 ILCS 5/27 & 28]. No hearing is required in identical-in-substance proceedings.

D) Date agency anticipates First Notice:

The Board cannot project an exact date for publication at this time. The Board expects to verify any federal actions by mid-February 2005, after which time the Board will propose any amendments to the Illinois UIC rules that are necessary in response to the federal amendments that have occurred. If the due date for Board adoption of amendments in this docket is assumed to be July 1, 2005, the Board will vote to propose amendments and cause a Notice of Proposed Amendments to appear in the *Illinois Register* by early April 2005. This would be sufficiently in advance of the due date to allow the Board to accept public comments on the proposal for 45 days before acting to adopt any amendments.

E) Effect on small business, small municipalities, or not-for-profit corporations:

This rulemaking may affect any small business, small municipality, or not-for-profit corporation in Illinois to the extent the affected entity engages in the underground injection of waste.

1) Rulemaking: Docket number R05-13

A) Description:

Section 22.4(a) of the Environmental Protection Act [415 ILCS 5/22.4(a)] mandates that the Board update the Illinois rules implementing Subtitle C of the federal Resource Conservation and Recovery Act (RCRA) to reflect the United States Environmental Protection Agency (USEPA) amendments to the federal RCRA Subtitle C regulations.

The Board has reserved docket number R05-13 to accommodate any amendments to the federal RCRA Subtitle C program, 40 CFR 260 through 270, 273, and 279, that USEPA made in the period July 1, 2004 through December 31, 2004. TIERED APPROACH TO CORRECTIVE ACTION OBJECTIVES (35 Ill. Adm. Code 742)

1) Rulemaking: No docket presently reserved.

A) Description:

Since the Board rules were adopted on June 5, 1997, the IEPA's implementation of the rules has given rise to the need for some amendments, corrections, and clarifications to existing rules. Additionally, technical documents that were used in drafting the rules

have been updated, necessitating amendments to the rules.

B) Statutory Authority:

These amendments will be proposed pursuant to Sections 27, 57.14 and 58.5 of the Environmental Protection Act [415 ILCS 5/27, 57.14, and 58.5].

C) Scheduled Meeting/Hearing Dates:

No meetings or hearings are scheduled at this time. Once the proposal is filed, the Board will conduct hearings as required by Sections 27 and 28 of the Act [415 ILCS 5/27 & 28].

D) Date Agency Anticipates First Notice:

The IEPA anticipates submitting its proposal in Spring or Summer of 2005, after which the Board will cause publication of a Notice of Proposed Amendments in the *Illinois Register*.

E) Effect on Small Business, Small Municipalities, or Not-for-Profit Corporations:

The amendments may affect any small business, small municipality or not-for-profit corporation subject to the Board's tiered approach to corrective action rules

SITE REMEDIATION PROGRAM (35 Ill. Adm. Code 740)

1) Rulemaking: No docket presently reserved.

A) Description:

The Site Remediation Program (“SRP”) is one of the Illinois Environmental Protection Agency’s (“Illinois EPA”) primary remediation programs for the cleanup of contaminants released to soil or groundwater. Remediation sites from throughout Illinois participate in the SRP. For a variety of reasons including threats to adjacent properties, their occupants, or potable water supplies, certain of these sites create or attract a heightened level of public attention or concern. For these sites and others that attract public concern, the Illinois EPA expects to propose amendments to Part 740 requiring some combination of public notice and Community Relations Workplans. The purpose of the workplan would be to establish two-way communications between the Remediation Applicant and community members who may be affected by (or perceive they are affected by) site contamination and activities at the site. This proposal will be part of the Agency’s response to House Resolution 1010 directing the

ILLINOIS REGISTER

POLLUTION CONTROL BOARD

Illinois EPA to strengthen its public outreach efforts whenever exceedences of applicable health or safety standards are identified. (H.R. 1010, 93rd General Assembly (2004)).

B) Statutory Authority:

Sections 4(i), 27, and 28 of the Environmental Protection Act [415 ILCS 5/4(i), 27, 28]

C) Scheduled Meeting/Hearing Dates:

No meetings or hearings are scheduled at this time. Once the proposal is filed, the Board will conduct hearings as required by Sections 27 and 28 of the Act [415 ILCS 5/27 & 28].

D) Date Agency Anticipates First Notice:

The IEPA anticipates submitting its proposal in the Spring or Summer of 2005 after which the Board will cause publication of a Notice of Proposed Amendments in the *Illinois Register*.

E) Effect on Small Business, Small Municipalities, or Not-for-Profit Corporations:

Generally, small businesses, small municipalities and not-for-profit corporations will not be affected by the proposal unless they perform environmental remediation pursuant to the Site Remediation Program. In most cases, participation in the SRP is voluntary, the exception being participation under Board or court orders arising out of enforcement actions. For those who do choose to enroll in the SRP, and who fall within the criteria for developing and implementing a Community Relations Workplan, the workplan will require identifying the affected or interested public, selecting appropriate methods of outreach to that public, establishing a document repository, preparing and updating a fact sheet with identification, history and plans for the remediation site, and proposing a schedule for implementation of the workplan. These requirements will increase the resources necessary for participation in the SRP for those Remediation Applicants whose sites fall within the criteria.

1) Rulemaking: Presently reserved docket number R05-12

A) Description:

Section 22.40(a) of the Environmental Protection Act [415 ILCS 5/22.40(a)] mandates that the Board update the Illinois Resource Conservation and Recovery Act (RCRA) Subtitle D municipal solid waste landfill (MSWLF) regulations to reflect the United States Environmental Protection Agency (USEPA) amendments to the federal RCRA Subtitle D MSWLF rules.

The Board has reserved docket number R05-12 to accommodate any amendments to the RCRA Subtitle D regulations, 40 CFR 258, that

ILLINOIS REGISTER

POLLUTION CONTROL BOARD

JANUARY 2005 REGULATORY AGENDA

USEPA may make in the period July 1, 2004 through December 31, 2004. At this time, the Board is not aware of any federal amendments to the federal RCRA Subtitle D MSWLF regulations. The Board will verify the existence of any other federal actions and the Board action required in response to each in coming weeks, by about mid-February 2005. The Board will then propose corresponding amendments to the Illinois RCRA Subtitle D municipal solid waste regulations using the identical-in-substance procedure or dismiss docket R05-12, as necessary and appropriate.

Section 22.40(a) mandates that the Board complete its amendments within one year of the date on which USEPA adopted its action upon which the amendments are based. In docket R05-12, if the earliest federal amendments in the applicable period is assumed to have occurred on the first day of the update period, on July 1, 2004, the due date for Board adoption of all amendments in the period would be July 1, 2005.

B) Statutory authority:

Implementing and authorized by Sections 7.2, 22.40(a) and 27 of the Environmental Protection Act [415 ILCS 5/7.2, 22.40(a) & 27].

C) Scheduled meeting/hearing dates:

None scheduled at this time. The Board will vote to propose any amendments at an open meeting in accordance with requirements established by Sections 27 and 28 of the Act [415 ILCS 5/27 & 28]. No hearing is required in identical-in-substance proceedings.

D) Date agency anticipates First Notice:

The Board cannot project an exact date for publication at this time. The Board expects to verify any federal actions by mid-February 2005, after which time the Board will propose any amendments to the Illinois RCRA Subtitle D MSWLF rules that are necessary in response to the federal amendments that have occurred. If the due date for Board adoption of amendments in this docket is assumed to be July 1, 2005, the Board will vote to propose amendments and cause a Notice of Proposed Amendments to appear in the *Illinois Register* by April 2005. This would be sufficiently in advance of the due date to allow the Board to accept public comments on the proposal for 45 days before acting to adopt any amendments.

LINE-NOISE-SOURCES (35 Ill. Adm. Code 901)
MEASUREMENT PROCEDURES FOR THE ENFORCEMENT OF 35 ILL.
ADM. CODE 900 & 901 (35 Ill. Adm. Code 910) New Part

1) Rulemaking: R03-09

A) Description:

The Illinois Pollution Control Board opened this rulemaking to update Parts 901 and 910 of its noise regulations found in 35 Ill. Adm. Code Subtitle H.

The proposed changes to Part 901 replace the existing 1965 Standard Land Use Coding Manual (SLUCM) codes with the Land-Based Classification Standards (LBCS) codes, a consistent model for classifying land uses based on a multi-dimensional land use classification model based land classification. The proposed changes to Section 901.104 clarify that the impulsive sound standards are based on 1-hour A-weighted equivalent sound levels. The Board also proposes to revise the numeric standards to bring highly impulsive noise standards into conformity with the

POLLUTION CONTROL BOARD

JANUARY 2005 REGULATORY AGENDA

standards set forth in Sections 901.102 and 901.103 in terms of the effective community response.

This proposal includes the revision of outdated numerical sound emission standards for property line noise sources found at 35 Ill. Adm. Code Parts 901

The proposed new Part 910 sets forth the measurement procedures for enforcing the Board's noise standards in Parts 900 and 901. These procedures are essentially based upon the Illinois Environmental Protection Agency's noise measurement protocols at 35 Ill. Adm. Code 951. In addition to the measurement techniques, the proposal contains general requirements and specific instrument requirements. The proposed Appendix A includes tables (obtained from extensive measurements) that can be used to determine the long-term background ambient noise levels in instances where direct measurements cannot be made.
