REPLY TO THE ATTENTION OF:

HR-8J

Ms. Dorothy Gunn
Clerk
Illinois Pollution Control Board
100 West Randolph Street
Suite 11-500
Chicago, Illinois 60601

R94-17
P.C. #1

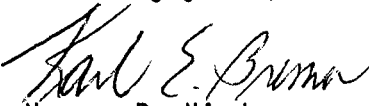

Dear Ms. Gunn:

The United States Environmental Protection Agency (U.S. EPA) has reviewed the Illinois Pollution Control Board's August 11, 1994, Proposed Order of RCRA Update R94-17, which is analogous to the RCRA Cluster IV rules that appeared in the Federal Register between January 1, 1994, and June 30, 1994.

Thank you for pointing out the errors in the Spill Prevention Control and Countermeasures Plan regulations formerly located at 40 CFR Section 1510. We have notified our Headquarters office of these errors. As pointed out in your opinion, the National Contingency Plan is located in 40 CFR Section 300. However, there are also emergency preparedness and notification requirements in 40 CFR Section 355, which should be referenced in your next docket.

We have no comments on this submission, as it meets the Federal requirements for RCRA Cluster IV. Please contact Mr. Gary Westefer, of my staff, at (312) 886-7450, if you have any questions, or are in need of further assistance.

Sincerely yours,

for 
Norman R. Niedergang
Associate Division Director for RCRA
Waste Management Division
