Clerk's Office
Illinois Pollution Control Board
100 W. Randolph St., Suite 11-500
Chicago, IL 60601

Re: #R04-22/23

To Whom It May Concern:

In reference to the proposed amendments to Part 732 and Part 734 Regulations, it is my opinion as an interested person and tax payer that the Illinois Pollution Control Board (IPCB) should hold additional hearings regarding these proposed amendments. It is my belief, that the regulations do not reflect the concerns and needs of tank owners, operators, contractors, and consultants. Additional testimonials hearings would bring and the modifications which could result are crucial to all involved parties, and communities. Too many people can be adversely affected by some of the changes, to not consider an additional hearing.

The hearings which I am proposing should be held in the Southern region of Illinois. All previous hearings have been held in Springfield and North. I propose Benton or South to hold these hearings.

I appreciate your time and consideration in these matters.

Sincerely,

Tyler Sink
