Respondent.)	

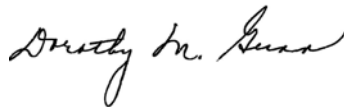

ORDER OF THE BOARD (by T.E. Johnson):

This matter is before the Board on a complaint filed by Mate Technologies, Inc. (Mate) against F.I.C. America Corporation (FIC) alleging that FIC violated provisions of the Environmental Protection Act and Board regulations by failing to contain or control the oil disseminated from its operations and allowing the release of oil through windows, doors and other openings in the building and via storm sewers at property located at 4750 Rohlwing Road, Itasca, in Cook County.

On October 4, 2004, Mate filed a motion for voluntary dismissal with prejudice. In the motion, Mate asserts that the parties have settled all matters at issue in the complaint. Mate also represents that FIC has indicated it will not file any response to the motion. The motion is granted. The Board hereby dismisses the complaint with prejudice, and closes the docket.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on October 7, 2004, by a vote of 4-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
