Erin:

In addition to the version we sent you where the changes we made are highlighted in green:

1. Authority Note: Don't underline the comma after 13.3.
2. 104(a)(2) – 307.1501 et seq. – please provide specific section numbers rather than "et seq."
3. 105(c) – after 40 CFR 2.302 provide new date.
4. 111(a) – Underline the comma after "facility" since the comma is not on file.
5. 201(a) – delete "must", restore "shall" so prohibition will make sense.
6. 221(a)(1)(B) and (b)(1) – delete "that", restore "which" so sentence makes sense.
7. 230(f) – There is a comma on file after "4-day average". You should add it to PCB version then strike it.
8. 232, 432(c)(1) – 2nd line – "must" or "shall"?
9. 233(a)(1) & (2) - you have an explanation of "~~SUM(G)~~ ΣG_1 " but it doesn't show up in the actual formula. The under "d" you have "A) B) & C)" when you should have dot points or bullets.
10. 302, next to last line in PCB version – after "pretreatment" add "standard" to reflect text on file.
11. 320(b)(1) – in "z", first line, spell "occured" correctly to reflect text on file.
12. 432(c)(2) – strike "fourteen" and add "14".
13. 510(a)(6)(B)& (b)(7)(B)& 541 & 544 & 603(c) & 621(b)(c)– "must" or "shall"?
14. 541, 3rd line – "change "Section" to "Sections" to reflect text on file.
15. 542(b) – check capitalization of "state" and "State".
16. 602(e)(6)(B) – add a space to "accordancewith".
17. 621 header – strike "POTW's" and add "POTWs".
18. 633 – "(c)(9)" or "(c)(6)"?
19. 633, 930 – "[415 ILCS 5/Title X11]" is unnecessary since "Act" is defined.

20. 634(b), last sentence – use will or shall since you're stating fact not telling someone to do something.
21. 635(a)(2) – Change "180 days of the effective date of this rule" to a specific date. Also in (c)
22. 701 – "requester" on file – see 712(b) and (f).
23. 703(a)&(b) & (c) – delete must, add will.
24. 705 – add "G" after "Subpart".
25. 706(a), 713, 722(b), 902 – must or shall?

Let me know

Thanks
