**INSPECTION REPORT NARRATIVE**

Curt White of DLPC/FOS Champaign Regional Office inspected this site on April 25, 2005. The weather conditions during this inspection were sunny and 63° F. An interview of Gene Breeden, Owner and Operator of the site was conducted during this inspection. The inspection was conducted as a result of a citizen complaint.

The site is located at 104 W. Lincoln Street, Loda, IL. Gene & Dianne Breeden own the site. Mr. Breeden will be the only respondent. The mailing address for G & D Salvage is Gene Breeden, PO Box 386, Loda, IL 60948-0386. The ownership was determined by obtaining a copy of the deed to the property from the Iroquois County Recorder's Office. A copy of the deed is attached to this report.

This inspection was conducted in accordance with Sections 4(c) and (d) of the Illinois Environmental Protection Act ("Act"). The purpose of this inspection was to determine if the site is in compliance with the Act and Regulations.

**SITE HISTORY**

Kent Johnson, IEPA Champaign Regional Office, originally inspected this site on November 16, 1994. An "Administrative Warning Notice" dated January 11, 1995 was sent to Mr. Breeden for open burning and dumping violations. According to U.S. Postal Service it was received by certified mail on January 13, 1995. A response was received from Mr. Breeden dated January 26, 1995 stating the open dumping & burning has stopped along with three disposal receipts. An Agency response letter dated March 16, 1995 was sent to Mr. Breeden indicating that the Agency has received additional information indication that open burning has occurred at his facility since the initial inspection. The response letter reminded Mr. Breeden "nothing is to be open burned at this site at any time". Mr. Johnson conducted another inspection on December 7, 1995 and cited no violations. In the "Return to Compliance" dated May 24, 1996 Mr. Breeden was again reminded that the "open burning of tires or any other waste (with few exceptions) at this or any other site is in violation of the Environmental Protection Act". The site was again inspected on April 2, 2003 by Kenneth Keigley, IEPA, Champaign Regional Office. A "Violation Notice" dated May 9, 2003 was sent to Mr. Breeden citing tire violations and litter. No open burning violations were cited. Mr. Breeden sent in a "VN Response" and it was accepted by this Agency in a "Compliance Commitment Acceptance" letter dated May 30, 2003. No "Follow-Up" inspection has been conducted.

## APRIL 25, 2005 INSPECTION FINDINGS

I arrived on the property at 1:20 pm and introduced myself to Mr. Breeden. I told him I was there to investigate a complaint about open burning at the site. Mr. Breeden stated a boat caught on fire at the site. I asked Mr. Breeden how the boat caught on fire. Mr. Breeden didn't know so we asked the employee who was present at the area when the boat caught fire. He stated he pushed the boat along with some pallets onto a pile and it caught fire. He didn't know how it started. We proceeded to the where the boat had burned. I observed a 50' x 25' x 3' burn pile (see photos 1 & 4) that contained ash, charred metal, the boat (see photo 2), cans, wire and other wastes (see photos 3 & 5). The waste pile still had smoke coming from it. I stated to Mr. Breeden the fire would need to be extinguished. Mr. Breeden told an employee to bring the hi-ho down and extinguish the fire by covering it with dirt. I stated to Mr. Breeden that it appeared that a lot more than just a boat had been previously burned and that as a business no trade waste or any other waste besides landscape waste generated on site could be burned at the site. I also observed several used tires not on rims at the site. I informed Mr. Breeden that all used tires not on rims need to be properly disposed or altered to prevent water accumulation. Mr. Breeden stated he would have all used tires not on rims removed and properly disposed at Mr. E's in Thomasboro, IL. I left the site at 1:45 pm.
