Supplementary Order:

The City asks a rehearing in which to demonstrate its compliance with our order. We welcome this motion as a heartening report, and we commend the City for its prompt progress. We do not believe a rehearing is necessary; there is nothing we need decide. If problems arise the City or the Agency, which has also received this report, can petition us for further relief. The motion for rehearing is denied.

I, Regina E. Ryan, Clerk of the Pollution Control Board, certify that the Board adopted the above Supplementary Order this 2nd day of September, 1971.
