

ILLINOIS POLLUTION CONTROL BOARD

August 11, 1994

IN THE MATTER OF:)
)
QUANTUM CHEMICAL CORPORATION) AS 93-1
USI DIVISION.) (Adjusted Standard)

ORDER OF THE BOARD (by C.A. Manning):

This matter is before the Board pursuant to a status report filed by Quantum Chemical Corporation, USI Division (Quantum) on July 15, 1994. The status report was filed in response to our order of June 2, 1994. The status report indicates negotiations are proceeding in related case PCB 93-173, and a joint status report has been filed in that matter. That status report indicates that Quantum recently filed a request for modification of its NPDES permit, a grant of which would likely render both the permit appeal and this proceeding moot.

Quantum asks that the stay of this matter be extended through November 17, 1994 since the review period for the NPDES permit modification request is 90 days. Having received no response to the motion from the Agency, we hereby grant the motion to stay until November 17, 1994. Quantum is directed to file an additional status report on or before November 17, 1994, indicating the status of any on-going negotiations. If the negotiations result in the Agency granting the NPDES permit, Quantum may instead file a motion to withdraw the petition for an adjusted standard.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 11th day of August, 1994, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
