ORDER OF THE BOARD (by C.A. Manning):

On August 18, 1994, Granite City Steel Division of National Steel (GCD) filed a motion to withdraw a petition for review filed with the Board on June 6, 1994. In the June 6 petition, GCD challenged the IEPA's rejection of a site classification plan for remediation of a UST site. Subsequent to the filing of that petition, on August 11, 1994, we issued the Second Notice opinion and order in R94-2(A) which among other things, proposed regulations governing site classification plan requirements. Based on the Second Notice opinion and order, the Agency has agreed to withdraw the rejection and the parties will "restart" the site classification process. GCD is thus asking that we allow the withdrawal of the petition. The motion is granted and this docket in this matter is hereby closed.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 1st day of September, 1994, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
